

[7885-39]

ZOF **HAMSTER SPRAY**

A four-purpose spray which kills fleas and flea larvae. Leaves cage pleasantly scented.

DIRECTIONS: Shake can gently before use. Hold can at least two feet from cage. Spray directly into cage. Also spray adjacent areas for most effective killing of fleas and flea larvae. Hamsters should be sprayed once a week. It is advisable to replace the bedding after each spraying.

Ask your dealer for free booklet "Your Hamster" with information on care and feeding.

ACTIVE INGREDIENTS:
