## CLEANER DEODORIZER DISINFECTANT

CONCENTRATE PHENOL COEF. 10 A.O.A.C. Minimum--20 Plus

Tuberculocidal Detergent Germicide

**ACTIVE INGREDIENTS:** ISOPROPYL ALCOHOL, POTASSIUM COCOANUT OIL, POTASSIUM ORTHO-BENZYL PARA CHLOROPHENOL, POTASSIUM DODECYL BENZENE SULFONATE SODIUM ETHYLENEDIAMINETETRAACETATE ... 36.5%  
**INERT INGREDIENTS:** WATER, TETRAPOTASSIUM PYROPHOSPHATE SODIUM SULFITE AND ESSENTIAL OILS ... 63.5%

### ACCEPTED FOR HOSPITAL USE

A multi-use specially built germicidal detergent that cleans, disinfects and deodorizes in one operation. Should be used in all areas where real cleanliness and disinfection is desirable and necessary.

### GERMICIDAL ACTIVITY

The A.O.A.C. Use-Dilution Method confirms that it is effective against a wide range of pathogenic and pyogenic organisms at the following concentrations:

- 1% or 1:100 Staphylococcus Aureus
- Salmonella Choleraesuis
- Escherichia Coli
- Proteus Vulgaris
- Pseudomonas Aeruginosa
- Streptococcus Faecalis

### FUNGICIDAL ACTIVITY

- Effective fungicide at dilutions of 1:100
- Trichophyton
- Epidermophyton
- M. gypseum, Trich. long. Trich. albicans

A highly effective disinfectant for use in hospitals, schools, and institutions. It is effective against a wide range of pathogenic and pyogenic organisms at the following concentrations:

## CAUTION

KEEP OUT OF REACH OF CHILDREN

### AVOID CONTAMINATION OF FOOD

### AVOID CONTACT WITH SKIN

AVOID CONTACT WITH EYES IN CONCENTRATED AND DILUTED FORM

CONCENTRATE WILL CAUSE IRRITATION TO SKIN AND EYES. HARMFUL IF SWALLOWED. CONTAINS CHLORINATED PHENOL

Use in hospitals, schools, and institutions. It is effective against a wide range of pathogenic and pyogenic organisms at the following concentrations:

For Hospital, School and Institutional use. For Cleaning All Surfaces - Floors, Walls, Woodwork, Utensils, Conductive Floors, Equipment, Showers and Rest Rooms.

Phenol Coeff. (ent A.O.A.C. method) against

Staphylococcus aureus	10
Salmonella typhosa	10

Use-Dilution Confirmation Test (A.O.A.C. method) Use dilution producing 10 kills out of 100 organisms on test organisms is:

Staphylococcus aureus	1:100
Salmonella Choleraesuis	1:100

Use of Phene gives Mark 1 Freshness

Dilution Table  
Dilution Strength 10

1 gallon	2 teaspoons
1 quart	1/2 fl. oz.
1 pint	1/4 fl. oz.

Use 1:100 Solution Solution for all General Cleaning and Disinfection including tuberculocidal. A highly effective concentrate for use in hospitals, schools, and institutions.

Use in hospitals, schools, and institutions. It is effective against a wide range of pathogenic and pyogenic organisms at the following concentrations:

**ACCEPTED FOR HOSPITAL USE**

A multi-use specially built germicidal detergent that cleans, disinfects and deodorizes in one operation. Should be used in all areas where real cleanliness and disinfection is desirable and necessary.

**GERMICIDAL ACTIVITY**

The A.O.A.C. Use-Dilution Method confirms that it is effective against a wide range of pathogenic and pyogenic organisms at the following concentrations:

- 1% or 1:100 Staphylococcus Aureus
- Salmonella Choleraesuis
- Escherichia Coli
- Proteus Vulgaris
- Pseudomonas Aeruginosa
- Streptococcus Fecalis

**FUNGICIDAL ACTIVITY**

- Effective fungicide at dilutions shown:
- T. interdigitale
  - E. floccosum
  - M. gypseum 1% or 1:100
  - C. albicans

An extremely effective disinfectant, cleaner and deodorizer for hospitals (school and institutions) disinfecting and cleaning of floors, walls, washable surfaces, equipment and furnishings. Clean-O-Phene provides a stable, non-specific germicidal system that does not lose its sanitizing strength during storage and is not appreciably affected by organic matter. Clean-O-Phene has a balanced detergent system that emulsifies and removes all types of soil and is not inactivated by hard water.

# CAUTION

**KEEP OUT OF REACH OF CHILDREN**

**AVOID CONTAMINATION OF FOOD.**

**AVOID CONTACT WITH SKIN.**

**AVOID CONTACT WITH EYES IN CONCENTRATED AND DILUTED FORM.**

**CONCENTRATE WILL CAUSE IRRITATION TO SKIN AND EYES. HARMFUL IF SWALLOWED. CONTAINS CHLORINATED PHENOL.**

Concentrate will cause irritation to skin and eyes. Avoid contact with concentrate. Use rubber gloves. Always dilute before using. In case of contact wash with an abundance of water. For eyes, wash with an abundance of water for at least 15 minutes. Get medical attention.

USDA REG. NO. 7891-2

- Non-flammable --will not flash!

For Hospital, School and Institutional use.  
For Cleaning All Surfaces - Floors, Walls, Woodwork, Utensils, Conductive Floors, Equipment, Showers and Rest Rooms.

Phenol Coefficient (A.O.A.C. method) against:  
Staphylococcus . . . . . 10  
Salmonella typhosa . . . . . 10

Use-Dilution Confirmation test (A.O.A.C. method). Use-dilution producing 10 kills out of 10 carriers on test organisms is:

- Staphylococcus aureus . . . . . 1:100
- Salmonella Choleraesuis . . . . . 1:100

Clean-O-Phene gives Mark 1 Freshness

**Dilution Table**  
Solution Strength 1%

- 1 Quart . . . . . 2 teaspoons
- 1 Gallon . . . . . 1 1/4 Fl. Oz.
- 5 Gallons . . . . . 6 1/2 Fl. Oz.

Use 1% Solution Solution for all General Cleaning and Disinfection, including tuberculous areas. A highly effective concentrate for use in automatic machines. Follow above table.

Clean-O-Phene has Built in Economies.

Recommended for use on conductive floors in hospitals.

When used as directed, Clean-O-Phene is harmless to fabrics, resilient flooring, tile, terrazzo, painted and varnished surfaces.

For removal or stripping of waxed or Polished Floor areas use 3 oz. to 4 oz. per gallon of water, hard or soft.

Approved By Rubber Flooring Manufacturers Association, Inc.
