

NOTICE OF PESTICIDE

X

Labeling change for Fungicide
and Rodenticide Act

NAME OF PESTICIDE PRODUCT

Lass-O Bleach

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Iabco Incorporated
2903 Dupree Circle
Houston, TX 77054

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Reregistration Eligibility Document, EPA has reregistered the above named product subject to the comments recorded in the succeeding paragraph. This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

Make the following labeling changes before you release the product for shipment:

1. Instructions "For Sanitizing Dishes, Glassware, Utensils" should be revised as follows: "... let air dry" to read "... drain and let air dry."

A stamped copy of the product label is enclosed for your records. Submit one copy of the final printed label before releasing the product in channels of trade with the revised labeling.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

DATE

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Precautionary Statements
DANGER:
Hazardous to humans and domestic animals. Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Harmful if swallowed. May irritate skin. Wash thoroughly with soap and water after handling.

Physical and chemical hazards: Strong oxidizer. Flush drains before and after use. Do not use or mix with other household chemicals such as toilet bowl cleaners, rust removers, acid or ammonia containing products. To do so will release hazardous gases. Prolonged contact with metal may cause pitting and discoloration.

Environmental Hazards: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact State Water Board or Regional Office of the EPA.

Información Previa
PELIGRO:
Peligro para los humanos y animales domésticos. Ocasionalmente puede causar daño a la vista. Evite el contacto con los ojos o con la ropa. Dañino si es ingerido. Puede irritar la piel. Lávese bien con agua y jabón después de tocar el producto.

Peligros físicos y químicos: Fuerte oxidante. Enjuague los desagües antes y después de usar. No use u o mezcle con otros productos químicos de uso doméstico tales como productos para la limpieza del inodoro, removedor de óxido, vinagre, ácido o productos que contienen amoníaco. Al hacerlos se liberan gases peligrosos. El contacto prolongado con el metal puede dar lugar a la decoloración o rizado.

Peligros del Ambiente: Este producto es tóxico para los peces y organismos de la agua. No vierta el enjuague de este producto en los lagos, arroyos, abariles, mares, o agua pública si este producto no es específicamente identificado y dirigido en una dermis de NPDES. No tire el enjuague de este producto a los arroyos sin notificar a una persona de autoridad en la planta de tratamiento de los arroyos. Para más información, contacte con el State Water Board o la Oficina Regional del EPA.
