- b. The instructions sheet for use of the injectors indicates that personal protective equipment (protective eyewear, chemical resistant gloves and protective clothing) must be used. This information must appear on the product label or the label must refer to the instruction sheet for this information.
- c. Under Storage and Disposal, add the statement "Do not contaminate water, food or feed by storage or disposal," directly under the heading. Add "Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility."
- d. The instruction sheet contains conflicting signal words, neither of which is related to the toxicity of the product. The word "Caution" is not appropriate for a warranty statement. The word "Warning" can only be used as a signal word and is not the appropriate signal word for this product. Delete these two words or revise to "precaution," "Note" or other word not related to the signal word for the product.
- e. For the reasons stated above, delete "Warning: Keep out of reach of children" in the Instruction Booklet "Directions for use and application of Mauget Micro-Injection System." Also, change "Caution" to a more appropriate word in the sentence "Caution: Trees which have Phytophthora".

3. Submit one copy of the revised final printed label for the record before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
