Edward G. Jordan
BASF Corporation
P.O. Box 13528
Research Triangle Park, NC 27709-3528

Dear Mr. Jordan:

SUBJECT: New Supplemental Label to Add an Application Method For Postemergence Use
in Dry Peas Grown In Minnesota, Nevada, North Dakota, Montana, Idaho,
Oregon, Utah, Washington, and Wyoming
Rezult Herbicide
EPA Registration No. 7969-194
Your Submission Dated January 18, 2002

The supplemental labeling referred to above and submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. At your next label printing, or within one year, whichever comes first, you must incorporate this supplemental labeling into the main product labeling. A stamped copy of the label is enclosed for your records. Please submit one copy of your final printed label before you release the product for shipment.

Sincerely yours,

Joanne I. Miller
Product Manager (23)
Herbicide Branch
Registration Division (7505C)

Supplemental Labeling

FOR POSTEMERGENCE USE IN DRY PEAS GROWN IN MINNESOTA, NEVADA, NORTH DAKOTA, SOUTH DAKOTA, MONTANA, IDAHO, OREGON, UTAH, WASHINGTON, AND WYOMING

EPA Reg. No. 7969-194

All applicable directions, restrictions, precautions and Conditions of Sale and Warranty on the EPA-registered label are to be followed. This labeling must be in the possession of the user at the time of herbicide application.

Directions For Use

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

All applicable directions, restrictions, precautions and Conditions of Sale and Warranty on the EPA-registered label are to be followed.

Use the entire contents of this container to treat 5 acres.

Do not apply the contents in the individual compartments of the Rezult container in any combination other than a 1:1 ratio.

General Information

Rezult® Herbicide is intended for use as part of a weed management program in dry peas in the above listed states. When applied as directed, **Rezult** will control many annual grasses and broadleaf weeds. Refer to the label for **Rezult** for a complete list of weeds controlled.

Rezult is effective through postemergence contact and systemic activity. Weeds must be thoroughly covered with spray. Large crop-and weed-leaf

canopies shelter smaller weeds and prevent adequate spray coverage.

Application Information

Method

Rezult may be applied by ground or by air. Do not apply through any type of irrigation system. Refer to the label for **Rezult** for specific instructions for both ground and aerial applications.

Timing

Dry peas: Apply **Rezult** early postemergence after dry peas have at least three (3) pairs of leaves (4 nodes). Applications before dry peas have at least three (3) pairs of leaves (4 nodes) may result in severe crop injury.

Weeds: Apply **Rezult** early postemergence to actively growing weeds before they reach the maximum height listed on the label for **Rezult**.

In Western irrigated dry peas areas, it may be necessary to irrigate prior to application of **Rezult** to ensure that weeds are actively growing. Weeds that are growing under moisture stress are not actively growing and will not be satisfactorily controlled. In this irrigated area, avoid applying **Rezult** during prolonged periods of cold weather (day temperature below 75° F and night temperature below 55° F for 2-5 days) because weed control may be reduced.

Rates

Use the entire contents of this container to treat 5 acres. This is equivalent to 3.2 pints of **Rezult** per acre. Apply **Rezult** early postemergence to actively growing weeds. **Rezult** can be applied at a maximum total rate of 3.2 pints per acre. Do not

apply more than 3.2 pints per acre of **Rezult**[®] **Herbicide** in a single season.

Additives:

Always use 1 – 2 quarts per acre of UAN solution (28%, 30%, or 32%) or 1 – 2 pounds per acre of AMS **and** 1 pint per acre of crop oil concentrate when applying **Rezult**.

Restrictions and Limitations

Read and follow all applicable **Restrictions and Limitation** on the label for **Rezult Herbicide**.

Do not apply **Rezult** to dry peas under stress due to lack of moisture, previous herbicide injury, mechanical injury, or cold temperatures, as crop injury may result.

Do not apply to weeds under stress, such as stress due to lack of moisture, previous herbicide injury, mechanical injury or cold temperatures, as unsatisfactory control could result.

Do not apply if rainfall or irrigation is expected within one hour following application.

Do not apply **Rezult** to dry peas within 30 days of harvest.

Do not apply **Rezult** to dry peas under stress from root rot.

Do not apply **Rezult** to dry peas until peas have at least three (3) pairs of leaves (4 nodes).

Do not apply more than a total of 3.2 pints of **Rezult** per acre in one season.

Do not apply more than a total of 2 pounds of bentazon active ingredient (a.i.) from all sources per acre per calendar year.

Do not apply the contents in the individual compartments of the Rezult container in any combination other than a 1:1 ratio.

Conditions of Sale and Warranty

The **Directions For Use** of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result, because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of BASF CORPORATION ("BASF") or the Seller. All such risks shall be assumed by the Buyer.

BASF warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the **Directions For Use**, subject to the inherent risks, referred to above. **BASF MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTY. IN NO CASE SHALL BASF OR THE SELLER BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OR THIS PRODUCT.** BASF and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing **Conditions of Sale and Warranty** which may be varied only by agreement in writing signed by a duly authorized representative of BASF.
