MAY 21 2008

Subject: Label Notification(s) for Pesticide Registration Notices 2007-4 and 98-10.

Dear Mr. Ehresman:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notices (PRN) 2007-4 and 98-10 dated April 30, 2008 for:

**EPA Registration 7969-232**

**Siesta™ Insecticide Fire Ant Bait**

The Registration Division (RD) has conducted a review of this request for applicability under PR Notices 2007-4 and 98-10 and finds that the label changes requested falls within the scope of PR Notices 2007-4 and 98-10. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact me directly at 703-305-6249 or Nicole Williams of my staff at 703-308-8893.

Sincerely,

A handwritten signature in black ink, appearing to be "Linda Arrington".

**ATTACHMENT TO NOTIFICATION DATED April 30, 2008**

**NOTIFICATION OF LABEL ACTION PER PR-NOTICE 98-10:**

**REVISION #1**

The container disposal language is being revised as per PR-NOTICE 2007-4

**Previous Label Statement-**

~~(for plastic canisters)~~

~~Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.~~

~~(for paper or plastic bags)~~

~~Container Disposal: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.~~

**New Label Statement-**

**Container Disposal:**

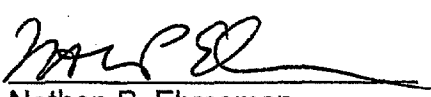

**(for plastic containers)**

**Nonrefillable Container. DO NOT** reuse or refill this container. After completely emptying container into application equipment, offer for recycling, if available, or reconditioning, if appropriate, or puncture and dispose of in a sanitary landfill, or by incineration, or by other procedures approved by state and local authorities.

**(for paper or plastic bags)**

**Nonrefillable Container. DO NOT** reuse or refill this container. After completely emptying container into application equipment, dispose of empty bag in a sanitary landfill, or by incineration, or by other procedures approved by state and local authorities.

This notification is consistent with the provisions of PR NOTICE 98-10 and EPA Regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 USC Sec. 1001 to willfully make false statements to EPA. I further understand that if this notification is not consistent with the terms of PR NOTICE 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

#### CAUTION

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Harmful if swallowed. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

#### PERSONAL PROTECTIVE EQUIPMENT (PPE)

##### For uses not subject to the Worker Protection Standard (Non-WPS Uses):

For any use not covered by the Worker Protection Standard (40 CFR Part 170) - there are no specific PPE requirements for applicators and other handlers; however, the following is recommended at a minimum:

- Short-sleeved shirt and long pants
- Shoes plus socks

**For WPS Uses:** Applicators or other handlers who handle this product for any use covered by the Worker Protection Standard (40 CFR Part 170), such as agricultural plants grown for commercial or research purposes on farms; in forests, nurseries and greenhouses must wear:

- Long-sleeved shirt and long pants
- Chemical-resistant gloves (such as rubber or waterproof gloves)
- Shoes plus socks

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

### User Safety Recommendations

#### Users should:

- Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- Remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

### ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates. **DO NOT** apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Cover, incorporate, or clean up granules that are spilled. **DO NOT** apply this product directly to bodies of water such as lakes, reservoirs, rivers, permanent streams, marshes or natural ponds, estuaries, or commercial fishponds. **DO NOT** contaminate water when disposing of equipment washwaters.

#### FOR BROADCAST APPLICATIONS:

**DO NOT** make broadcast application within 15 feet of perennial fresh water bodies: including lakes, reservoirs, rivers, permanent streams, marshes, natural ponds, and commercial fishponds. When it is necessary to treat active fire ant mounds within the 15-foot buffer zone, make individual mound treatments (as described in the **Application Instructions** below).

**DO NOT** make broadcast application within 60 feet of estuarine water bodies (brackish water): including tidal water such as bays, mouths of rivers, salt marshes, and lagoons. When it is necessary to treat active fire ant mounds within the 60-foot buffer zone, make individual mound treatments (as described in the **Application Instructions** below).

8/9

## GENERAL INFORMATION

**Siesta™ Insecticide Fire Ant Bait** is an insecticidal bait for use as a curative treatment for existing fire ant infestations. **Siesta** is highly attractive to imported and native fire ants (*Solenopsis* spp.). Worker ants find the bait and carry it into the mound as food for the colony. The bait is eaten, fed to the queen, and the mound is destroyed. Further information regarding fire ants may be obtained from your cooperative agricultural extension service.

## DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. **DO NOT** apply this product by any method not specified on this label.

**DO NOT** apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your state or tribe, consult the agency responsible for pesticide regulation.

Keep unprotected persons out of treated area during pesticide applications.

### AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification and emergency assistance. It also contains specific statements on this label about personal protective equipment (PPE) and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

**DO NOT** enter or allow worker entry into treated areas during the restricted-entry interval (REI) of **12 hours**.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil or water, is: coveralls, waterproof gloves and shoes plus socks.

### NONAGRICULTURAL USE REQUIREMENTS

The requirements in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries or greenhouses.

**DO NOT** allow unprotected workers or other persons or pets in treated area during application.

## SPECIFIC USE DIRECTIONS

### Non-WPS Uses:

Use **Siesta** outdoors to control imported and native fire ants. **Siesta** is for use on lawns, landscaped areas, golf courses, and other noncropland areas such as airports, roadsides, cemeteries, commercial grounds, parks, school grounds, picnic grounds, athletic fields and other recreational areas, as well as on grounds surrounding poultry houses (excluding runs and ranges) or corrals and other animal holding areas. Avoid direct exposure of animals to **Siesta** granules.

### WPS Uses:

**Siesta** may be used on sod farms and in nurseries around container or field-grown ornamental and nonbearing nursery stock; including but not limited to citrus, stone fruit, pomefruit, pecan, walnut, and almond. **DO NOT** graze or feed lawn or sod clippings to livestock.

**Siesta** can be applied to the soil around nonbearing fruit and nut trees in orchards; including, but not limited to citrus, stone fruit, pomefruit, pecan, walnut, and almond. Application to the soil around nonbearing fruit and nut trees is permitted up to one (1) year before the first harvest. **DO NOT** apply to the soil around nonbearing fruit and nut trees more than four (4) times per year.

### APPLICATION INSTRUCTIONS

Apply **Siesta** as a curative treatment at the first sign of fire ant activity. For best results, apply **Siesta** in the early morning or late afternoon when ants are most active. Ants are most active when temperatures are above 60° F.

**DO NOT** apply when the ground is saturated with water, heavy dew, or when heavy rains are expected within 48 hours. **DO NOT** water-in granules after application. Wait at least 48 hours after application before irrigating treated area. For best results, allow 7 days between bait application and use of a contact insecticide on the bait treated area.

### Broadcast Treatments

**Note:** Broadcast treatment is only for use in areas having a mound density of at least 1 mound per 2000 square feet (e.g. 40 X 50 ft area). Inspect the treatment area to ensure that conditions warrant a broadcast application of **Siesta** over the entire area. It is often not necessary to broadcast fire ant bait over an entire area. Individual mound treatments or spot treatments in the areas where fire ants are in greatest concentration may be sufficient.

For broadcast treatment, make application with broadcast equipment capable of applying 1.5 pounds of **Siesta** per acre. Calibrate and adjust equipment prior to application to ensure that the proper rate of product will be applied. Retreat after 4 to 8 weeks if needed. **DO NOT** exceed 6.0 lbs/acre or 4 applications in a one (1) year period.

9/9

**Individual Mound Treatments**

**DO NOT** disturb the mound. **DO NOT** apply to top of mound. Apply 1 to 2 oz (2 to 4 level tablespoons) of **Siesta™ Insecticide Fire Ant Bait** per mound, uniformly distributing the product 3 to 4 feet around the mound: Retreat after 4 to 8 weeks if needed.

Treatment	Use Rate	Comments
<b>Individual Mounds:</b>  Imported and native fire ants	1.0 to 2.0 oz (2 to 4 TBSP)	Distribute bait uniformly around the perimeter of the mound. <b>DO NOT</b> disturb the mound during application.
<b>Broadcast:</b> (For large infested areas, see note above)  Imported and native fire ants	2.0 to 3.0 oz/5000 sq ft 1.0 to 1.5 lbs/Acre  Not to exceed 6 lbs/Acre total or 4 applications in a one (1) year period.	Broadcast bait uniformly using a handheld or walk-behind spreader.

**REAPPLICATION INSTRUCTIONS**

**Siesta** may remain effective for up to eight (8) weeks (or longer) depending on environmental conditions. Rainfall or irrigation within 48 hours of application may reduce the effectiveness of **Siesta** and a repeat application may be necessary to achieve desired level of control. Bait may be reapplied every four (4) to eight (8) weeks if control appears to be fading. **DO NOT** exceed four (4) applications in a one (1) year period.

**STORAGE AND DISPOSAL**

**Prohibitions: DO NOT** contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

**Storage:** Store in cool, dry, secure place and keep container tightly closed. Store container away from children and pets. This product is formulated in an oil bait. Prolonged exposure to air may turn oil rancid and reduce the attractiveness of the bait. Use within 3 months after opening.

**Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on-site or at an approved waste disposal facility.

**Container Disposal:  
(for plastic containers)**

**Nonrefillable Container. DO NOT** reuse or refill this container. After completely emptying container into application equipment, offer for recycling, if available, or reconditioning, if appropriate, or puncture and dispose of in a sanitary landfill, or by incineration, or by other procedures approved by state and local authorities.

**(for paper or plastic bags)**

**Nonrefillable Container. DO NOT** reuse or refill this container. After completely emptying container into application equipment, dispose of empty bag in a sanitary landfill, or

by incineration, or by other procedures approved by state and local authorities.

**General:** Consult federal, state, or local disposal authorities for approved alternative procedures.

Conditions of Sale and Warranty
<p>The <b>Directions For Use</b> of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and must be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of BASF CORPORATION ("BASF") or the Seller. To the extent consistent with applicable law, all such risks shall be assumed by the Buyer.</p> <p>BASF warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the <b>Directions For Use</b>, subject to the inherent risks, referred to above.</p> <p>TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BASF MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTY. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BUYER'S EXCLUSIVE REMEDY AND BASF'S EXCLUSIVE LIABILITY, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE, SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE OF THE PRODUCT. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BASF AND THE SELLER DISCLAIM ANY LIABILITY FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. BASF and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing <b>Conditions of Sale and Warranty</b> which may be varied only by agreement in writing signed by a duly authorized representative of BASF.</p>
