TNT INSECT BOMB

KILLS FAST FLYING INSECTS KILLED BY VAPORIZING ACTION
KILLS CRAWLING INSECTS

DIRECTIONS FOR USE It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

TO OPERATE Hold can in upright position only 1/2 mile (3/4 to 1) from object, being up 1/4 mile. Pull valve away from face before spraying. **THIS PRODUCT IS DYSMAGED FOR SPOT TREATMENT ONLY** indoors in homes, stores, offices and car houses. Never inhale vapors of spray used. Do not reuse container. Destroy when empty.

PLASANTLY SCENTED	TNT BOMB	STAINLESS
MOSQUITOES HOUSE FLIES SAND FLIES GNATS FRUIT FLIES FLYING MOTHS	CHIGGERS BED BUGS FLEAS (OUTDOORS) BROWN DOG TICKS ROACHES	WATERBUGS CARPET BEETLES SPIDERS SILVERFISH ANTS

MOSQUITOES HOUSE FLIES SAND FLIES GNATS FRUIT FLIES FLYING MOTHS
CHIGGERS Apply as spot treatment only. Spray directly on insects whenever possible. Spray outside surfaces of screens, doors, and window frames, behind drapes, under beds, in closets and other darkened areas, and wherever these insects tend to congregate. TNT's exclusive formulation will continue to kill flying insects after it is sprayed with its vaporizing action.

BED BUGS Take bed apart and spray surfaces of bedstead, slats, springs and tufts and seams of mattress. Do not spray general surface of mattress. Allow mattress to dry for at least 4 hours before reuse.

BROWN DOG TICKS Spray localized areas where pets generally live. Do not spray directly on pets. Replace bedding before allowing reuse by animals.

CARPET BEETLES Make localized application in areas of the floor and baseboards. Spray directly in cracks and under carpets where insects may be found.

FLEAS BROWN DOG TICKS FOR SPOT TREATMENT OUTDOORS Treat localized infestations of insects in outdoor areas where there is no vegetation. Spray infested areas.

ROACHES WATERBUGS SPIDERS SILVERFISH ANTS Spray directly on insects and into cracks, crevices, baseboards, and hits and trails and any place where these insects hide or enter the home. TNT will penetrate into cracks and even kill insects where they hide. For long lasting residual control of crawling insects use TNT ROACH and ANT KILLER.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS (& DOMESTIC ANIMALS)

CAUTION HARMFUL IF SWALLOWED INHALED OR ABSORBED THROUGH THE SKIN. DO NOT APPLY TO HUMANS. Keep out of the Reach of Children. Do not contaminate feed, water or foodstuffs. Do not use in commercial food preparation areas or in edible products areas of food processing plants. Do not use as a space spray. Do not let children or pets contact treated surfaces until they are dry. Remove pets from rooms and cover aquarium and fish bowls before spraying. Do not spray on animals. Avoid excessive wetting of plastic, vinyl or asphalt tile.

This product is intended for household use.

STATEMENT OF PRACTICAL TREATMENT

If swallowed: **CAUTION CONTAINS PETROLEUM DISTILLATES. DO NOT INDUCE VOMITING.** Give victim one or two glasses of milk or some activated charcoal in water and call a physician immediately. Gastric lavage is indicated. Vomiting may cause aspiration pneumonia.

If inhaled: Remove victim to fresh air. Apply respiration if indicated.

If on skin: Remove contaminated clothing and wash affected areas with soap and water. If in eyes: Flush eyes for at least 15 minutes with water. Call a physician if irritation persists.

NOTE TO PHYSICIAN: ATROPINE IS ANTIDOTAL.

WARNING - FLAMMABLE: KEEP AWAY FROM HEAT OR OPEN FLAME. Contents under pressure. Do not puncture or throw container into fire. Never set container on stoves, radiators or stove where the temperature will exceed 100°.

DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection.

MONEY BACK GUARANTEE: If this product fails to kill the insects listed when used as directed, mail empty container in for full refund.
