Mr. Don W. Eckroat
Eckroat Seed Company
1105 M.L. King Avenue
P.O. Box 17610
Oklahoma City, OK 73136

Dear Mr. Eckroat:

Subject: Eckroat Gopher Getter Bait
EPA Registration No. 8007-1
Your Application Dated December 29, 1988

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable subject to the comment listed below.

- Print the signal word and the skull and crossbones in red.

Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA, section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

William H. Miller
Product Manager (16)
Insecticide-Rodenticide Branch
Registration Division (TS-767C)

**POISONED
GRAIN**

**DANGER
HAZARDS TO HUMANS & DOMESTIC ANIMALS**

Convulsive Poison! Poisonous if swallowed. Do not breathe dust. Do not contaminate feed and foodstuffs. Keep away from children, pets, and domestic animals. Wash thoroughly with soap and water after handling and before eating or smoking. Clean clothing should be used daily.

NOTE TO PHYSICIAN

- A. Administer 100% Oxygen by positive pressure to provide as much pulmonary gas exchange as possible, despite seizures.
- B. Administer ANTICONVULSANT DRUGS intravenously to control convulsions.

CAUTION: It may be difficult or impossible to stop the seizure activity without stopping respiration. Be prepared to maintain pulmonary ventilation mechanically. Tracheotomy may be necessary if seizures are prolonged.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. Bait exposed on soil surface may be hazardous to birds and other wildlife. Do not apply directly to lakes, streams, or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

Notice: The killing of an endangered species during strychnine baiting operations may result in a fine and/or imprisonment under the Endangered Species Act. Strychnine baits should not be used in the geographic ranges of the following species except under programs and procedures approved by the U.S. EPA: gray wolf and grizzly bear. Not for sale or use in California.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Baiting Artificial Burrow Builder Method: Follow manufacturer's instructions for the equipment used to apply gopher bait. Apply 1 to 2 pounds of bait using a 20 to 30 foot row spacing intervals. Apply only when soil condition is proper to insure formation of a good artificial burrow.

FOR POCKET GOPHERS:

Find underground runway by probing with iron bar or broomstick. Insert one tablespoonful of bait and cover opening securely with piece of sod. Do not permit dirt to fill in and cover bait. Open newly formed mounds (lateral tunnels) and insert one tablespoon of bait with a long handled spoon at the point of junction with the main tunnel. One pound will treat five to eight acres.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE:

Store in the original container in a cool dry place inaccessible to children, pets, and domestic animals. Care must be taken so bags are not torn or broken. In the event of a damaged bag, clean up the spill and dispose of properly, and repair bag with heavy tape.

DISPOSAL:

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your state pesticide or environmental control agency, or the Hazardous Waste representative of the nearest EPA Regional office for guidance.

CONTAINER DISPOSAL:

Completely empty bag by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, if allowed by state and local authority. A. b. Leaking, if banded, stay out of one.

NOTICE: Seller makes no warranty, expressed or implied, concerning the use of this product. Use: then indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

DANGER

HAZARDS TO HUMANS & DOMESTIC ANIMALS

Consumptive Poison: Poisonous if swallowed. Do not breathe dust. Do not contaminate food and feed stuffs. Keep away from children, pets, and domestic animals. Wash thoroughly with soap and water after handling and before eating or smoking. Clean clothing should be used daily.

NOTE TO PHYSICIAN

- A. Administer 100% Oxygen by positive pressure to provide as much pulmonary gas exchange as possible, despite seizures.
- B. Administer ANTI-CONVULSANT DRUGS intravenously to control convulsions.

CAUTION: It may be difficult or impossible to stop the seizure activity without stopping respiration. Be prepared to maintain pulmonary ventilation mechanically. Tracheotomy may be necessary if seizures are prolonged.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. Birds exposed on soil surface may be hazardous to birds and other wildlife. Do not apply directly to lakes, streams, or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

Notice: The killing of an endangered species during this product's handling operations may result in a fine and/or imprisonment under the Endangered Species Act. Skyline baits should not be used in the geographic ranges of the following species except under programs and procedures approved by the U.S. FWS: gray wolf and golden lion tamarin, but for sale or use in California.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Baiting Artificial Burrow Builder Method: Follow manufacturer's instructions for the equipment used to apply product. Apply 1 to 2 pounds of bait using a 20 to 30 inch row spacing intervals. Apply only when soil condition is proper to insure formation of a good artificial burrow.

FOR POCKET GOPHERS:

Find underground runway by probing with iron bar or broomstick. Insert one tablespoonful of bait and cover opening securely with piece of sod. Do not permit dirt to fill and cover bait. Open newly formed mounds (lateral tunnels) and insert one tablespoon of bait with a long handled spoon at the point of junction with the main tunnel. One pound will treat five to eight acres.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE:

Store in the original container in a cool dry place inaccessible to children, pets, and domestic animals. Care must be taken no bags are not torn or broken. In the event of a damaged bag, clean up the spilled grain and dispose of properly, and rejoin bag with heavy tape.

DISPOSAL:

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or empty container is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your state pesticide or environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional office for guidance.

CONTAINER DISPOSAL:

Completely empty bag by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. The residue of empty bag may be used for other purposes, if allowed by state and local authorities. If burning, stay out of smoke.

NOTICE: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and or handling of this material when such use and or handling is contrary to label instructions.
