Unconditional

(under FIFRA, as amended)

Name of Pesticide Product:
Best Odorless Roach
Killer

Name and Address of Registrant (include ZIP Code):

Best Enterprise, Ltd
500 Bremerton Drive
Greenville, NC 27858

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Reregistration Eligibility Document, EPA has reregistered the product listed above. With regards, to labeling, you must add the following Precuatory heading and language on your final printed labels to read:

- PRECAUTIONARY STATEMENT**

Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed or absorbed through the skin. Causes eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

Signature of Approving Official:

Marion J. Johnson, Product Manager 10

EPA Reg. No. 8020-1

2. You must add the STATEMENT OF PRACTICAL TREATMENT:

IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back or throat with Finger. If person is unconscious, do not give anything by mouth and do not induce vomiting.

IF IN EYES: Flush eyes with plenty of water. Call a Physician if irritation persists.

IF ON SKIN: Wash with plenty of water. Get medical attention

3. Submit five copies of final printed label before you release the product for shipment.

4. Enclosed is a copy of your label stamped "Accepted with Comments". This action is taken under the authority of Section 4g)(2)(c) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for control reassessment of pesticides. EPA may require submission of data at any time to maintain the reregistration of your product.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Shake & squeeze the bottle, snip cap tip and dust **Borax**'s ODORLESS ROACH KILLER into all cracks and crevices where roaches or silverfish nest and hide. Remove all drawers from cabinets and furniture and dust powder onto runners and into cracks and along cabinet interior edges. Blow powder behind baseboards, door and window casings, plumbing fixtures, cabinets, stoves and under refrigerator, dishwasher, washing machine and dryer where it will not be seen and cleaned up. Force powder into cracks under tables and counter tops. Treat all infested areas where roaches or silverfish have been seen. A brush may help.

To help prevent a cockroach infestation:
Use **Borax**'s ODORLESS ROACH KILLER - less works best. Keep kitchen clean and all food in sealed containers. Remove grease from vents, ovens, and stoves. Remove cardboard boxes, plastic and paper bags. Caulk all cracks and openings around plumbing, HVAC vents, and electrical outlets. Fix leaks quickly. Keep kitchen and bathroom floors dry.

STORAGE AND DISPOSAL

Storage: Store contents in original container until ready for use. Disposal: Do not reuse empty container. Wrap and put in trash.
