

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY WASHINGTON, D.C. 20460

OFFICE OF PREVENTION, PESTICIDES AND TOXIC SUBSTANCES

MAY 2 3 2008

Mr. John J. Wrubel Regulatory Affairs Director Nisso America Inc. 45 Broadway, Suite 2120 New York, NY 10006

Subject: Notification(s) for Label Revisions under PRN 98-10 and PRN 2007-4

Dear Mr. Wrubel:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notices (PRN) 98-10 and 2007-4 dated, March 28, 2008 for:

EPA Registration 8033-21

Acetamiprid RTU Insecticide

The Registration Division (RD) has conducted a review of the request(s) for applicability under PRN 98-10 and PRN 2007-4 and finds that the label changes requested fall within the scope of PRN-98-10 and PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by nonnotification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact me directly at 703-305-6249 or Joyce Edwards of my staff at 703-308-5479.

Sincerely,

Linda Arrington

APPLICATOR DIRECTIONS FOR NESTED SPRAYERS

QUICK CONNECT SPRAYER [illustrations]

- 1. Remove sprayer. Pull cord ALL THE WAY OUT.
- 2. Insert red plug into spout (on cap) until it clicks.
- 3. Flip up spout. Open nozzle on end of sprayer.

APPLICATOR DIRECTIONS FOR PULL 'N SPRAY

[Wand Sticker]

IMPORTANT! Follow directions and illustrations on back to assemble and use Pull 'N Spray correctly.

[Illustration 1]

- Remove sprayer from side carrier and unwrap hose completely.
- Insect red plug at end of hose into spout on cap until it clicks.
- Flip up spout. Spout must remain up while spraying.

{Illustration 2]

- Point sprayer away from body.
- Grasp sprayer by the handle.
- Slowly pull ring at the bottom of sprayer handle until it stops and hold for 2 seconds to ready the sprayer.

[Illustration 3]

- Twist nozzle at end of sprayer to adjust spray pattern.
- Press and hold button on sprayer to begin spraying.
- Pull ring at sprayer bottom again as needed to continue spraying.

DIRECTIONS FOR USE	
It is a violation of Federa	I Law to use this product in any manner inconsistent with its labeling.
FOR BEST RESULTS	Service Control of the Control of th
Shake container gently I	pefore using.
HOW TO APPLY	 Adjust spray nozzle to give a fine spray. Hold sprayer 8 to 12 inches from the area to be treated. Direct spray toward the upper and lower leaf surfaces and stems where pests appear. Spray only until surface is wet.
WHEN TO APPLY	Apply to outdoor plants as soon as insect problems are noticed.

IMPORTANT

- For outdoor use only. Do not apply indoors.
- Do not apply this product in a way that the spray will contact persons, either directly or through drift.
- Keep children and pets out of treated areas until sprays have thoroughly dried.
- Do not apply if wind speed exceeds 10 mph.
- Always stand "up wind" when applying this product.

GARDEN INSECTS CONTROLLED

Additional Optional Marketing Claims

Efficacy

- Kills a wide range of insect/bugs/pests
- Kills 111 Garden/Landscape Bug/Insects
- Kills 100+ insect/bugs [on Contact]
- Kills over 100 Insects/Bugs [on Contact]
- Kills existing pests and prevents new attack
- New Generation Bug Killer
- Systemic Insect killer
- Dual Action: Contact + Systemic Insect Killer
- Dual Action Insect Killer
- Complete Insect Protection for Roses & Flowers
- 2 in 1
- Kills/Controls Insects
- Protects the entire plant from sucking insects
- Kills all major [landscape/ornamental/garden] insects/pests
- Kills on contact
- Protects against new bug/insect attacks/invasions
- Kills and protects
- Systemic and contact bug killer (or insecticide)
- Systemic works from inside the plant to kill tough bugs
- Protect/Defend your landscape/garden/roses/fruits/vegetables from invading insects
- Kills & Prevents over 100 [100+] [landscape/ornamental/garden] insects
- Protect your landscape [& Garden] from Invading Insects
- Won't Harm Plants or Blooms

Speed

- Rapid action and long lasting
- Fast acting [formula]
- Fast acting plus long lasting [protection/control]

Residual

- Protects for up to three weeks
- Long lasting [protection/control] [for your landscape/garden/roses/fruits/vegetables]
- Long Lasting Protection for your Roses & Flowers
- Long Lasting Protection Against Damaging Insects
- InvisiShièld Bug Barrier
- InvisiShield Technology

Usage

- Perfect/Ideal or flowers, roses and ornamental plants
- Specially formulated for residential use
- Specially formulated for [use in/on/around] gardens and landscapes
- Specially formulated for [use in/on/around] landscaped areas
- Specially formulated for [use on] Roses [& Flowers]

Applicator Claims:

- Pull 'N Spray® The Easy Way To Spray!
- Pull 'N Spray®, 1 Pull provides up to 20 Seconds of Continuous Spray.
- Reduce Hand Fatigue, 1 Pull = up to 20 Seconds of Continuous Spray
- Less Hand Fatigue; Continuous Spray Applicator.
- One Pull = 34 Trigger Sprays

Plants & Vegetables

Won't harm plants or blooms
Protects flowers and edibles
Protects fruit and vegetables
Protects gardens and landscapes

WARRANTY: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

Satisfaction guaranteed or your money back. If for any reason you are not satisfied with this product, mail us proof of purchase to obtain full refund of your purchase.

Re:

NOTIFICATION of Revised Label Format, Update to Pest List, Update to the Warranty Statement and Revised Disposal Statement for Acetamprid RTU Insecticide (EPA Reg. No. 8033-21) as per PR Notice 98-10 and 07-04.

Dear Sir/Madam:

As per PR Notice 98-10 and 07-04, Nippon Soda Co., Ltd. is hereby notifying US EPA of a revision of the label format for its Acetamiprid RTU Insecticide formulation (EPA Reg. No. 8033-21). This format change is proposed in order to make the label more "user friendly" to the consumer. No changes to the basic application language, target crops, precautionary statements, personal protective equipment, and first aid statement are proposed. Additionally we are updating the pest list based on our field experience with acetamiprid over the years since the active ingredient was first registered in 2002. We are revising the disposal statement in compliance with PR Notice 2007-4. Lastly, we are proposing the addition of some optional marketing language typical for consumer products. Nippon Soda Co., Ltd. certifies that no other changes to the label have been made.

There are no PRIA fees associated with this action.

Nippon Soda Co., Ltd. in care of Nisso America Inc. is submitting a completed notification form (EPA Form 8570-1), a copy of the proposed label with changes highlighted for your convenience, a "clean copy" of the proposed label, and a copy of the current approved label for comparison. Five loose clean copies of the proposed label are also included.

Thank you for processing this notification and should you have any questions please contact me directly at you earliest convenience via telephone at 212-490-0351.

Sincerely,

John J. Wrubel

Regulatory Affairs Director
