

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
8033-26

Date of
NOV 8 2005

NOTICE OF PESTICIDE:
 Registration Reregistration
(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

Acetamiprid 70 WSP
Insecticide

Name and Address of Registrant (include ZIP Code):

Nisso America Inc.
45 Broadway, Suite 2120
New York, NY 10006

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(a)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes before you release the product for shipment:

a. Revise the EPA Registration Number to read, "EPA Reg. No. 8033-26".

A copy of the label stamped "accepted with comments" is enclosed for your records.

Signature of Approving Official:

Akiva Abramovitch, Ph.D.
Chemist
Insecticide-Rodenticide Branch

Acetamiprid 70 WSP Insecticide

Only for Sale to, and for Use and Storage by Pest Management Professionals

ACTIVE INGREDIENT:
Acetamiprid..... 70.0%
INERT INGREDIENTS 30.0%
100.0%

EPA Reg. No. 8033-EA EPA Est. No. _____

CONTAINS __ x 2.40 OZ WATER SOLUBLE PACKETS PER CASE
Total Net Contents: ____ Ounces

Stop - Read the label before use.
Keep out of reach of children.

CAUTION

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.
(If you do not understand the label find someone to explain it to you in detail.)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes, or clothing. Avoid breathing vapors or spray mist. Wash thoroughly with soap and water after handling. Keep out of reach of children and domestic animals. Remove contaminated clothing and wash before reuse. Keep children or pets away from treated area until dry.

Personal Protective Equipment

Pesticide handlers (mixers, loaders, and applicators) must wear long-sleeved shirt and long pants, socks, shoes, and waterproof gloves. After the product is diluted in accordance with label directions for use, shirt, pants, socks, shoes and waterproof gloves are sufficient. In addition: all pesticide handlers must wear protective eyewear when working in a non-ventilated space.

with COMMENTS
In EPA Letter Dated:**

NOV 8 2005

**Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under EPA Reg. No.
8033-26**

FIRST AID	
If swallowed	<ul style="list-style-type: none"> Immediately call a poison control center or doctor for treatment advice. Do not induce vomiting unless told to do so by a poison control center or doctor. Have person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person.
If in eyes	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, and then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If on skin or clothing	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
If inhaled	<ul style="list-style-type: none"> Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
HOTLINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For MEDICAL and TRANSPORTATION Emergencies Only Call CHEMTREC at 1-800-424-9300.	
NOTE TO PHYSICIAN	
There is no specific antidote. All treatment should be based on observed signs and symptoms of distress in the patient. Overexposure to materials other than this product may have occurred.	
For Information Regarding the Use of this Product Call 212-490-0350.	

ENVIRONMENTAL HAZARDS

This product is toxic to wildlife. This product is toxic to bees exposed to direct treatment. Do not apply this product while bees are actively visiting the treated area. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash waters. Apply this product only as specified on this label. Extreme care must be taken to avoid runoff.

IMPORTANT: Read this product label before using Acetamiprid 70 WSP Insecticide.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product can be used to control ants (excluding red imported fire ants, harvester ants, pharaoh ants, and carpenter ants) and a range of other pests, outdoors (on/around buildings) and perimeters. This product kills termites on contact, including workers and winged reproductive forms.

General Information	
Controls	Ants (excluding red imported fire ants, harvester ants, pharaoh ants, and carpenter ants) General Household Pests
Also Kills	Termites <ul style="list-style-type: none"> • Kills workers and winged reproductive forms of termites present at the time of treatment. • For localized use only
Use Rates	Use a 0.05% to 0.1% solution depending upon pest type. Refer to specific use directions within this label.
Finished Gallons	Each 2.4 ounce Water Soluble Packet makes 25 finished gallons of 0.05% solution
Re-Application	Retreat as needed to maintain effectiveness
Handling	Keep water-soluble packets in this container and store in a cool dry place but not below freezing (32°F). Do Not Remove Packets From Container Except For Immediate Use.
For More Information Regarding the Use of this Product Call 212-490-0350.	

Mixing Table for Acetamiprid 70 WSP Insecticide		
Use a 0.05% solution to control general household pests. Use a 0.1% solution to kill termites.		
Gallons of Finished Solution Desired	Number of Acetamiprid 70 WSP Insecticide Packets Needed	
	0.05% Solution	0.1% Solution
25	1	2
50	2	4
100	4	8
Packaging	<ul style="list-style-type: none"> • Each envelope contains water-soluble inner packets of Acetamiprid 70 WSP Insecticide. • Do not allow packets to become wet prior to adding to the spray tank. • Rough handling may cause breakage. • Reseal envelope for packet protection. 	
To Prepare a Spray Mixture	<ul style="list-style-type: none"> • Open the envelope and drop the required number of unopened water-soluble packets into the spray tank while filling with water. • Operate the agitator while mixing. • Cooler water temperatures increase the time needed for the WSP to dissolve completely. 	
Notes	<ul style="list-style-type: none"> • Water-soluble packets should not be used with products or in a tank that may contain boron or release free chlorine. • Use of chlorinated water is acceptable. 	

Termites (Outdoors)	
<p>This product will kill workers and /or winged reproductive forms of termites present at the time of application only. Application of this product will not provide structural protection nor substitute for mechanical alteration, soil or foundation treatment with termiticide. This product is not to be used as sole protection against termites, as it is not intended for use for elimination of termite infestations nor for protection against future infestations. A professional inspection is recommended.</p>	
Use Rate	To kill termites on contact in localized areas apply a 0.1% Acetamiprid 70 WSP Insecticide solution. Retreat as needed to maintain effectiveness.
Where to Apply	Apply as a pinstream, spot, or crack and crevice spray on the outside of buildings, porches, wooden decks and patios, wooden fences around buildings, window frames, doorways, foundations, eaves, patios, garages, and other building where you may find these pests. Spray infested areas until thoroughly wet, avoiding dripping and runoff.

General Household Pests – Outdoor Use On/Around Buildings and Perimeters Within 3 Feet of the Structure																
Use Rates	Use a 0.05% solution for pest control. Maximum control is generally achieved using the following procedure: <ul style="list-style-type: none"> o Treat non-porous surfaces with low volume applications using the 0.05% solution and applying this solution at the rate of one gallon per 1,000 square feet o Treat the trunks of trees within the building perimeter that have ant trails, or upon which ants are foraging. Apply solution to thoroughly wet the bark from the base of the tree to as high as possible on the trunk o Treat porous surfaces with high volumes 															
Pests	<table border="0"> <tr> <td>Ants*</td> <td>Firebrats</td> <td>Springtails</td> </tr> <tr> <td>Beetles</td> <td>Flies**</td> <td>Sowbugs</td> </tr> <tr> <td>Boxelder Bugs</td> <td>Millipedes</td> <td></td> </tr> <tr> <td>Crickets</td> <td>Pillbugs</td> <td></td> </tr> <tr> <td>Earwigs</td> <td>Silverfish</td> <td></td> </tr> </table> <p>*excludes red imported fire ants, harvester ants, pharaoh ants, and carpenter ants ** common vinegar flies (<i>Drosophila spp.</i>), Phorid flies, cluster flies, Sphaerocecid flies, flesh flies, and bottle flies</p>	Ants*	Firebrats	Springtails	Beetles	Flies**	Sowbugs	Boxelder Bugs	Millipedes		Crickets	Pillbugs		Earwigs	Silverfish	
Ants*	Firebrats	Springtails														
Beetles	Flies**	Sowbugs														
Boxelder Bugs	Millipedes															
Crickets	Pillbugs															
Earwigs	Silverfish															
Where to Apply	<p>Apply as a pinstream, spot, or crack and crevice spray or foam to areas where pests hide or forage, such as around buildings, porches, screens, doors, window frames, eaves, patios, areas immediately adjacent or around private homes, duplexes, townhouses, condominiums, house trailers, apartment complexes, carports, garages, fence lines around structures, storage sheds, and other residential and non-commercial structures where pests are found. For best results on ants, locate and treat ant nests and trails and apply a barrier treatment as described in this section.</p> <p>For woodpiles and stored lumber within the building perimeter apply a 0.05% solution. Use a hose-end sprayer or sprinkling can to deliver a coarse drenching spray. Treated wood can be burned or used for lumber one month after treatment.</p> <p>Ants tunneling in the soil require a drench or injection of solution or foam at intervals of 8 to 12 inches. Establish a uniform vertical barrier at the edges of walls, driveways or other hard surfaces where ants are tunneling beneath the surfaces.</p> <p>This product is not for broadcast use on lawns and turf and is to be applied only as a crack and crevice/spot treatment.</p> <p>Do not apply to areas beyond 3 feet from the foundation of the structure.</p>															
Barrier Treatments	To help prevent infestation of buildings, apply to a band 3 feet wide around and adjacent to the building. Also, treat the building foundation to a height of 2 to 3 feet. Apply as a coarse spray to thoroughly and uniformly wet the band area, using approximately 6 gallons of spray mix per 1,000 square feet.															

GENERAL PRECAUTIONS (For Outdoor Use Only)

Do not apply to areas beyond 3 feet from the foundation of the structure.

Do not use as a space spray.

When treating adjacent to an existing structure, the applicator must check the area to be treated, and immediately adjacent areas of the structure, for visible and accessible cracks and holes to prevent any leaks or significant exposures to persons occupying the structure. People present or residing in the structure during application must be advised to remove their pets and themselves from the structure if they see any signs of leakage. After application, the applicator is required to check for leaks. All leaks resulting in the deposition of insecticide in locations other than those prescribed on this label must be cleaned up prior to leaving the application site. Do not allow people or pets to contact contaminated areas or to reoccupy contaminated areas of the structure until the clean up is completed.

Do not permit humans or pets to contact treated areas until spray has dried.

Do not plant for the purpose of consumption, edible plants into the treated areas of soil.

Avoid contamination of public and private water supplies.

Use anti-backflow equipment or an air gap on filling hoses.

Not for use in and around barns, stables, paddocks, grazing areas, feed lots or other similar areas used for housing, boarding, and/or rearing animals.

Consult State, Federal or local authorities for information regarding the approved treatment practices for areas in close proximity to potable water supplies.

Not for use on plants being grown for sale or other commercial use, or for commercial seed production, or for research purposes

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry place and in such a manner as to prevent cross contamination with other pesticides, fertilizers, food, and feed. Do not store below freezing (32°F). Exposure to moisture or excessive handling of water-soluble packets may cause breakage. Store water-soluble packets in original container and out of reach of children, preferably in a locked storage area. Do not store in or around home. Never transfer this product to another container for storage. Handle and open container carefully. Do not cut water-soluble packets when opening. If container is leaking or material spilled for any reason or cause, carefully sweep material into a pile. Refer to PRECAUTIONARY STATEMENTS on label for hazards associated with the handling of this material. Dispose of pesticide as directed below. In spill or leak incidents, keep unauthorized people away. You may contact the CHEMTREC for decontamination procedures or any other assistance that may be necessary. Call CHEMTREC at 1-800-424-9300.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site (in the treatment area) or at an approved waste disposal facility. Contamination with product will render water, food, feed unfit for human or animal consumption.

Container Disposal: Do not use carton in connection with food, feed or drinking water. The empty wrappers may be disposed of in the trash. After removing all PVA packets, the carton may be disposed of in the trash.

Spills: When treating adjacent to an existing structure, the applicator must check the area to be treated, and immediately adjacent areas of the structure, for visible and accessible cracks and holes to prevent any leaks or significant exposures to persons occupying the structure. People present or residing in the structure during application must be advised to remove their pets and themselves from the structure if they see any signs of leakage. After application, the applicator is required to check for leaks. All leaks resulting in the deposition of insecticide in locations other than those prescribed on this label must be cleaned up prior to leaving the application site. Do not allow people or pets to contact contaminated areas or to reoccupy contaminated areas of the structure until the clean up is completed. To clean up spills, dike surrounding area and absorb with sand, cat litter or commercial clay.

Conditions of Sale and Limitation of Warranty and Liability:

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of this product should be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as manner of use or application, weather or conditions beyond the control of Nippon Soda Co., Ltd. or Seller. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Nippon Soda Co., Ltd. and Seller harmless for any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the Directions for Use when used in accordance with the directions under normal conditions of use. Nippon Soda Co., Ltd. MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, NOR ANY OTHER EXPRESS OR IMPLIED WARRANTIES WITH RESPECT TO THE SELECTION, PURCHASE, OR USE OF THIS PRODUCT TO THE EXTENT ALLOWED BY STATE LAW. Any warranties, express or implied, having been made are inapplicable if this product has been used contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to (or beyond the control of) seller or Nippon Soda Co., Ltd., and buyer assumes the risk of any such use.

In no event shall Nippon Soda Co., Ltd. or seller be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF Nippon Soda Co., Ltd. AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF Nippon Soda Co., Ltd. OR SELLER, THE REPLACEMENT OF THE PRODUCT.

This Conditions of Sale and Limitation of Warranty and Liability may not be amended by any oral or written agreement.
