**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label before using this product.

F7180-8 Fly Sticker Insecticide - PMP kills flies that land on the sticker surface and ingest the sticker coating. Stickers work best when placed on or near a window or other light source. However, in the absence of light or under low-light conditions, stickers may be placed near a potential fly food source (such as inside a garbage can). Stickers are effective for up to seven months when placed indoors and up to 4 months when placed outdoors but protected from rain.

**Use Information:**

F7180-8 Fly Sticker Insecticide - PMP is used to kill the following filth flies: house flies, little house flies, blow flies, bottle flies, flesh flies, phorid flies, fungus gnats, and vinegar (fruit) flies. [No fumes or vapors are released.] The coating on each sticker is attractive to flies. Flies ingest the coating and start to die within one minute. Dead flies do not stick to the surface. Remove dead flies with a brush or broom and dispose in trash, or by vacuuming. If a catch basin is used, remove dead flies on a routine basis.

Place stickers on windows, near light sources or other places, areas or surfaces where flies congregate. Keep out of reach of children and pets. Stickers may be adhered to the outside and inside of fly light

traps and bait stations. Stickers may be placed in commercial trash areas, kitchens and food storage areas. Place stickers in areas so that they avoid becoming wet.

The number of stickers to use is based on the size of the area where flies are found. One sticker per 1000 cubic feet is recommended. Use more stickers for heavy infestations. In rooms with high infestations, or for quicker results, place a sticker in each window. Keep stickers dry after application. Replace stickers that were applied indoors after 7 months or outdoors after 4 months or as needed. Replace stickers sooner when contaminated by dust, dirt, filth, etc.

**Applying stickers:**

Stickers have an adhesive coating on one side and a paper cover on the other.

With dry hands remove cover from the adhesive coating side first. Place sticker in desired location. Once sticker is adhered, remove the paper cover to expose the attractive coating.

[Bracketed text is optional marketing language]

Do not wipe stickers after application. Wash hands thoroughly after applying stickers.

**Restrictions:**

- Do not use on sky lights.
- Do not use in and around commercial barns, stables, and paddocks.
- Do not use in grazing areas, feed lots, poultry houses, or other similar areas used for housing, boarding, and/or rearing animals. This product may be used around barns and stables on residential property.
- Do not allow children to handle stickers or let pets come in contact with them.
- Do not place stickers directly above areas where food is stored or prepared.

For questions about the use of this product, call 1-800-XXX-XXXX.

<b>Storage and Disposal: Do not contaminate water, food, or feed by storage or disposal.</b>	
Pesticide Storage:	Store in original container in a cool, dry place out of the reach of children.
Pesticide Disposal and Container Handling:	Carton: Non refillable container. Do not reuse or refill this container. Offer for recycling, if available, or dispose of in trash. Stickers: Wrap used stickers in paper and dispose in trash.
