

POLY BUG KILL

DESCRIPTION

POLY BUG KILL is one of the most effective insecticides for crawling insects. High percentage of Pyrethrins produce fast knock-down. Chlordane in the formula gives long lasting residual action. Diazinon content of this product makes it effective against persistent roaches and water bugs.

CAUTION: Combustible mixture. Do not store or spray near flames. Harmful if swallowed. Avoid breathing spray mist or skin contact. Prolonged contact with skin can produce toxic symptoms. In case of spillage on skin, wash with soap and water. Keep out of reach of children. Do not spray on food, dishes or cooking utensils. Do not use on household pets. Do not spray heavily on linoleum or asphalt tile. Do not place container on stove or radiator or where temperature exceeds 120°F.

Wash thoroughly with soap & warm water after using. Do not allow children in treated area until surfaces are dry.

For Spot Application Only.

A Residual Insecticide

ACTIVE INGREDIENTS: 100%

Pyrethrins	0.060%
Technical Piperonyl Butoxide	0.150%
Technical Chlordane	1.000%
O,O-Diethyl O-(2-iso propyl-4 methyl-6-pyrimidinyl) phosphorothioate	0.333%
Petroleum Distillates	98.457%
Equivalent to 0.12% (Butyl carbaryl) (6-propyl piperonyl ether and 0.03% of related compounds.	
Equivalent to 0.6% Octachloro 4,7 methano-tetrahydroiodane and 0.4% of related compounds.	
Known as Diazinon.	

CAUTION: KEEP OUT OF REACH OF CHILDREN
See other precautions on left side panel.

MANUFACTURED FOR:

DIRECTIONS

- For best results in killing roaches, water bugs, spiders, crickets, spray directly on baseboards, around doors and windows, cracks and hiding places such as under sinks, drapes, boards, stores, around pipes. Spray about one inch in space left under doors. Allow residue to remain undisturbed as this will keep on killing crawling insects for a long time.
- To kill ants, use above directions and also spray the inside the ant trail and ant hills.
- To kill carpet beetles, spray along edges and under carpet and rugs into cracks and around baseboards.
- To kill the mosquitoes, roach and other domestic insects, spray around windows, doors, down light fixtures, porch screens, outdoors and other outdoor places where insects find a perch. Do not use in spaces indoors.
