Gentlemen:

Subject: POLY ORANGE FRAGRANCE 12
EPA Registration No. 8047-41
Your Submission Dated October 13, 1988
EPA Received Date October 19, 1988

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
 - a. The signal word on the front panel is "Warning" not "Caution." If you would like to change the signal word to "Caution," the appropriate data must be submitted in support of this change.
 - b. On the side panel above the word "Warning" include the "Precautionary Statements" heading.
 - c. Delete Isopropyl alcohol from the active ingredients list because it is an inert ingredient and adjust the percentages accordingly.
 - d. Revise the referral statement to read "See side panel for additional precautionary statements."
2. Submit five (5) copies of final printed labeling before you release the product for shipment.

Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.
