

Specially formulated powerful cleaner, does four jobs; cleaning, sanitizing, disinfecting and deodorizing.

This product contains a quaternary ammonium compound and is effective against many disease and odor forming germs when used as directed.

Economical, easy and fast to use. Manufactured for use in public buildings, schools, restaurants, cafeterias, motels and other similar institutional buildings.

For cleaning and sanitizing many types of surfaces not harmed by water such as walls, woodwork, floors and countertops.

### WARNING

KEEP OUT OF REACH OF CHILDREN. Causes severe eye or skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of water. Avoid alcohol. Call a physician immediately.

Do not mix with soap or other detergents. Do not contaminate or store near feed or foodstuffs. Rinse all food contact surfaces with potable water before reuse. Rinse empty container with water and discard.

EP-3166 NO. 201-11

NET CONTENTS:

### DIRECTIONS

1. For ordinary cleaning, use 2 ounces per gallon of water. Use more concentration for difficult to clean surfaces, like floors, walls, woodwork and countertops.
2. For effective disinfection after previous cleaning, use 3 ounces per gallon of water for non-porous surfaces and 5 ounces per gallon of water for porous surfaces. Thoroughly wet all surfaces by wiping, mopping or scrubbing with clean mop, brush, cloth or sponge.
3. For sanitizing surfaces, like floors, walls, woodwork, countertops, wash with 1 to 2 ounces per gallon of water solution.

Manufactured for: Polychem, Inc.  
New Orleans, La.
