EPA Reg. No. 8119-2  
EPA Reg. No. 8119-6  
EPA Reg. No. 8119-9  
EPA Reg. No. 8119-11  
EPA Reg. No. 8119-13

Dear Ms. Horton:

The Agency is in receipt of your Applications for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above products. The Registration Division (RD) has conducted a preliminary screen of this request for its applicability under PRN 98-10 and finds that the actions requested fall within the scope of PRN 98-10. The labels submitted with the applications have been stamped "Notification" and will be placed in our records.

If you have any questions, please me directly at 703-305-6249 or Terri Stowe of my staff at 703-305-6117.

Sincerely,

A handwritten signature in black ink, appearing to read "Linda Arrington".

SLUG & SNAIL KILLER

**ONE LAST MEAL FOR SLUGS AND SNAILS™**  
**Easy-to-Use, Easy-to-Store Liquid Force II Deadline® Slug & Snail Killer with**

**SNARE™ A POWERFUL ATTRACTANT** - lures slugs and snails to this product and away from your plants  
Convenient, clean and effective, Force II Deadline Slug & Snail Killer resists rain. Put Force II Deadline Slug & Snail Killer around tender shoots. A thin line of Force II Deadline Slug & Snail Killer around the area you want to protect will keep new migrants from taking up residence in your yard.

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product is specially formulated to attract and control slugs and snails. The presence of slugs and snails can be detected by their shiny-mucous trail. They are night feeders and prefer damp, cool places. Apply this product in areas likely to be infested at the beginning of the spring planting season before damage occurs and as needed during periods of damp weather. Treat every 3 to 4 weeks or as needed. During periods of high rainfall or frequent waterings, it may be necessary to treat more often. If ground is dry, thoroughly water areas to be treated. For best results, apply in the evening around flowers, ornamental plants, vegetable gardens and lawn areas. Apply only to the soil surface around plants. Do not apply directly to plants. Do not mix with any seeds prior to application.

**Flowers & Lawns:** Flip up spout and lightly squeeze a solid line of this product around flower beds and lawn edges. Apply any time, but preferably in early evening. Repeat applications as needed. When applying, occasionally turn bottle upright to allow air to enter bottle. **Vegetable Gardens:** Apply a solid line on the soil between berry and vegetable plants. Force II Deadline Slug & Snail Killer can be used on the following plants: **Ornamentals:** azaleas, begonias, carnations, chrysanthemums, daffodils, dahlias, daisies, geraniums, honeysuckle, hydrangeas, ice plant, impatiens, iris, marigolds, pansies, petunias, rhododendrons, roses, snapdragons, sweet peas, tulips. **Vegetables:** artichokes, beans, beets, broccoli, brussels sprouts, cabbage, cantaloupe, carrots, cauliflower, celery, corn, cucumbers, lettuce, peas, peppers, radishes, spinach, squash, swiss chard, tomatoes. **Berries:** cane berries, strawberries.

**STORAGE:** Store in original bottle, in a cool, locked location protected from direct sunlight and freezing temperatures. Avoid contamination of feed and foodstuffs. **DISPOSAL: IF EMPTY:** Do not reuse this container. Place in trash or offer for recycling if available. **IF PARTLY FILLED:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Harmful if swallowed, or absorbed through the skin. May cause eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling. This pesticide may be fatal to children and dogs or other pets if eaten. Keep children and pets out of treated areas.

#### FIRST AID

**IF SWALLOWED:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

#### HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information on this pesticide product, (including health concerns, medical emergencies, or pesticide incidents), call 1-800-308-3723.

**ENVIRONMENTAL HAZARDS:** Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

**NOTICE:** User assumes all responsibility for safety and use not in accordance with label directions.

CONTENIDO: 32 ONZAS (907.18g) (946mL)

#### FORCE II™

Deadline®

MATA BABOSAS Y CARACOLES  
ONE LAST MEAL FOR SLUGS AND SNAILS™

El Mata Babosas y Caracoles Force II Deadline® con SNARE™ es un líquido fácil de usar y fácil de almacenar

UN PODEROSO ATRAYENTE—atrae babosas y caracoles al producto y los lleva lejos de sus plantas

El mata babosas y caracoles Force II Deadline es un producto conveniente, limpio y efectivo, además es resistente a la lluvia. Coloque el mata babosas y caracoles Force II Deadline alrededor de los retoños tiernos. Una línea delgada de mata babosas y caracoles Force II Deadline alrededor del área que quiere proteger no dejará que lleguen nuevos migrantes a residir en su jardín.

#### INSTRUCCIONES DE USO

Es una violación a la Ley Federal usar este producto de forma inconsistente con su etiqueta. Este producto está especialmente formulado para atraer y controlar babosas y caracoles. La presencia de babosas y caracoles se puede detectar por el rastro de moco brillante que dejan. Estos se alimentan durante la noche y prefieren los lugares húmedos y fríos. Aplique este producto en áreas que tienen probabilidad de estar infestadas al inicio de la temporada de plantación de primavera, antes de que haya daño y según sea necesario durante los periodos de clima húmedo. Se debe tratar cada 3 ó 4 semanas o según sea necesario. Durante los periodos de mucha lluvia o riegos frecuentes, puede ser necesario hacerlo más veces. Si la tierra está seca, ¡riegue en abundancia antes de tratar! Para obtener mejores resultados, aplique en las tardes alrededor de flores, plantas ornamentales, hortalizas y áreas de césped. Aplique sólo a la superficie de la tierra alrededor de las plantas. No lo aplique directamente a las plantas. No lo mezcle con ninguna semilla antes de la aplicación.

Flores y césped: Déle vuelta al pitón hacia arriba y apriete ligeramente y haga una línea sólida de este producto alrededor de los macizos de flores y las orillas del césped. Aplique a cualquier hora, pero de preferencia en las horas tempranas de la noche. Repita las aplicaciones según sea necesario. Cuando aplique, ocasionalmente coloque la botella en posición vertical para permitir que entre aire en la botella. Hortalizas: Aplique una línea sólida sobre la tierra entre las plantas de bayas y de vegetales. El mata babosas y caracoles Force II Deadline se puede usar sobre las siguientes plantas: Ornamentales: azuleas, begonias, camelias, crisantemos, narcisos, dalias, margaritas, geranios, madreselva, hortensia, hierba de hielo, impaciencia, flor de lis, caléndulas, pensamientos, petunias, rododendros, rosas, cabezas de dragón, guisantes de olor, tulipanes. Vegetales: alcachofas, frijoles, remolachas, brócoli, coles de bruselas, repollo, melón cantaloupe, zanahorias, coliflor, apio, maíz, pepinos, lechuga, chicharos, rabanitos, espinaca, calabaza, acelga, tomates. Bayas: bayas de caña, fresas.

9/2006

NOTIFICATION  
NOV 13 2006

**ALMACENAMIENTO:** Almacene la botella original en un lugar frío y cerrado, protegido de la luz solar directa y de las temperaturas de congelación. Evite la contaminación de comestibles y alimentos para animales. **ELIMINE SI ESTA VACIO:** No vuelva a usar este envase. Tirelo a la basura o, si está disponible, atrézcalo para reciclaje. **SI ESTA PARCIALMENTE LLENDO:** Llame a su agencia de desechos sólidos para obtener instrucciones sobre cómo eliminarlo. Nunca elimine el producto no utilizado en drenajes internos o externos.

#### AVISOS DE PRECAUCION

RIESGOS PARA HUMANOS Y ANIMALES DOMESTICOS

**PRECAUCION:** Es nocivo si se ingiere o se absorbe a través de la piel. Puede causar irritación en los ojos. Evite el contacto con ojos, piel o ropa. Lave con abundante agua y jabón después de manipularlo. Esta previda puede ser mortal para niños, perros y otras mascotas, si se ingiere. Mantenga a los niños y a las mascotas fuera del área tratada.

#### PRIMEROS AUXILIOS

**SI SE TRAGA:** Llame inmediatamente al centro de control de envenenamiento o al doctor para obtener más recomendaciones de tratamiento. Haga que la persona tome sorbos de un vaso con agua, si puede tragar. No induzca el vómito a menos que lo indique el centro de control de envenenamientos o el doctor. No le dé nada por la boca a una persona inconsciente.

**SI HAY CONTACTO CON LOS OJOS:** Mantenga el ojo abierto y enjuague con agua despacio y con cuidado por 15-20 minutos. Si tuviera lentes de contacto, quítelas después de lavarse con agua los primeros 5 minutos y después continúe lavando el ojo. Llame al centro de control de envenenamiento o al doctor para obtener más recomendaciones de tratamiento.

**SI CAE EN LA PIEL O EN LA ROPA:** Quite la ropa contaminada. Enjuague la piel inmediatamente con mucha agua por 15-20 minutos. Llame al centro de control de envenenamiento o al doctor para obtener más recomendaciones de tratamiento.

**SI SE INHALA:** Lleve a la persona al aire fresco. Si la persona no respira llame al 911 o a una ambulancia, luego dé respiración artificial, perfible de boca a boca, si es posible. Llame al centro de control de envenenamiento o al doctor para obtener recomendaciones adicionales de tratamiento.

#### NUMERO DE LA LINEA DE ACCESO DIRECTO

Tenga a la mano el envase del producto o la etiqueta cuando llame al centro de control de envenenamiento o al doctor, o al buscar tratamiento. Para mayor información sobre este producto pesticida (incluso las preocupaciones sobre salud, emergencias médicas o incidentes con pesticidas), llame 1-800-308-3723.

**RIESGOS AMBIENTALES:** No lo aplique directamente al agua. No contamine el agua al limpiar el equipo o al desechar los desperdicios.

NOV 13 2006

Re: Notification of minor label changes / Submission of final printed labels  
EPA Reg. No. 8119-6, Deadline-40

Dear Sir/Madam,

On behalf of Matson, LLC of North Bend, Washington, enclosed is notification of minor label changes for the above-referenced pesticide label, including:

- 1) deletion of the "800 CLEANUP" contact number
- 2) change of the First Aid emergency contact telephone number

This also serves as submission of final printed labels prior to distribution for the following packaging sizes:  
16 OZ. & 32 OZ.

Best regards,

*Rebecca M. Horton*
