OTHER INGREDIENTS 96.0%
 Total 100.0%

IC-2031

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: Harmful if swallowed. Avoid breathing dust. May cause eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling. This pesticide may be fatal to children and dogs or other pets if eaten. Keep children and pets out of treated areas.

IMPORTANT: Keep product away from children, dogs and pets. Bait may be attractive to dogs. Confine pets during application to prevent them from believing they are being fed. Use and store under conditions where there will not be a hazard.

STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food or feed by storage or disposal. Use product only from original container and keep in locked storage area away from children and pets. Do not store near food, feed, fertilizers, other pesticides or seeds. Store in a cool, dry place away from sunlight, in original container.

DISPOSAL: IF EMPTY: Do not reuse this container. Place in trash or other for recycling if available.

IF PARTLY FILLED: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

FIRST AID

IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information on this pesticide product, (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Telecommunications Network at 1-800-858-7378.

ENVIRONMENTAL HAZARDS: Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

RAINTOUGH™

Deadline®

SLUG & SNAIL KILLER

THE GARDEN DEFENDER™

**You Can't Stop the Rain, but You
Can Stop Snails & Slugs.**

Convenient Handle with Sprinkle Lid

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product is specially formulated to attract and control slugs and snails. The presence of slugs and snails can be detected by their shiny, mucous trail. They are night feeders and prefer damp, cool places.

Apply this product in areas likely to be infested at the beginning of the spring planting season before damage occurs and as needed during periods of damp weather. Treat every 3 to 4 weeks during the growing season or as needed. During periods of high rainfall or frequent waterings, it may be necessary to treat more often. If ground is dry, thoroughly water areas to be treated. For best results, apply in the evening around flowers, ornamental plants, vegetable gardens and lawn areas. Do not place pellets in piles. Apply only to the soil surface around plants. Do not apply directly to plants. Do not mix with any seed prior to application.

Flowers & Lawns: Flip up spout and scatter RainTough Deadline Slug & Snail Killer pellets around flower beds and lawn edges. Apply any time, but preferably in early evening. Repeat applications as needed.
Vegetable Gardens: Scatter RainTough Deadline Slug & Snail Killer pellets on soil around berry and vegetable plants.
RainTough Deadline Slug & Snail Killer can be used on the following crops:
Ornamentals: azaleas, begonias, carnations, chrysanthemums, daffodils, dahlias, daisies, geraniums, honeysuckle, hydrangeas, iris plant, impatiens, iris, marigolds, pansies, potatoes, rhododendrons, roses, snapdragons, sweet peas, tulips.
Vegetables: beans, beets, broccoli, brussels sprouts, cabbage, cantaloupe, carrot, cauliflower, celery, corn, cucumbers, garlic, horseradish, lettuce, melons, onions, peas, peppers, potatoes, radishes, spinach, squash, Swiss chard, tomatoes.
Berries: blackberries, blueberries, cane berries, strawberries.
