SUBJECT: Applications for Pesticide Notification  
Corry's® Liquid Slug & Snail Control EPA Reg. No. 8119-2  
Deadline®-40 EPA Reg. No. 8119-6  
✓Deadline® Rain Tough EPA Reg. No. 8119-9  
Corry's® Slug & Snail (3.25) EPA Reg. No. 8119-11  
Corry's® Slug & Snail Pellets EPA Reg. No. 8119-13  
Applications Dated October 17, 2006

Dear Ms. Horton:

The Agency is in receipt of your Applications for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above products. The Registration Division (RD) has conducted a preliminary screen of this request for its applicability under PRN 98-10 and finds that the actions requested fall within the scope of PRN 98-10. The labels submitted with the applications have been stamped "Notification" and will be placed in our records.

If you have any questions, please me directly at 703-305-6249 or Terri Stowe of my staff at 703-305-6117.

Sincerely,

A handwritten signature in black ink, appearing to read "Linda Arrington".

- \* Proporciona hasta dos semanas de protección a las plantas
- \* También se puede utilizar alrededor de plantas de frutas y vegetales, de césped y de plantas ornamentales!
- \* Control selectivo y rápido de babosas y caracoles
- \* Contiene benzoato de dónalonio

### INSTRUCCIONES DE USO

Es una violación a la ley federal usar este producto de forma inconsistente con su etiqueta. **PARA APLICAR** - (Vea las gráficas para los métodos de aplicación sugeridos) Este producto es para utilizarlo en áreas de la casa y jardín. El Mata Babosas y Caracoles Corry's® (3.25) es fácil de usar. Este producto no necesita mezclarse, rociarse o de aplicadores especiales. Sólo disperse ligeramente sobre la superficie de la tierra en las áreas infestadas, según se recomienda en las gráficas que se encuentran más adelante. Aplique mayor cantidad si la infestación es severa. Si las babosas y los caracoles están invadiendo de propiedades adyacentes, una línea delgada de lápiz alrededor del área infestada formará una barrera, la cual será un excelente control. Este cebo es extremadamente atractivo para las babosas y los caracoles, y realmente los atrae desde sus escondrijos y los mata. Aplique de nuevo el cebo cada dos semanas - con mayor frecuencia durante mayores infestaciones o en áreas mucho más mojadas. Todos los lugares probables se deben tratar, ya que estas plagas migran. Les agradan los lugares húmedos alrededor de las hortalizas, los jardines de flores, jardines rocosos, setos, pilas de compost, césped de oraja de ratón, hiedra y otros cubre suelos, en dónde puede obtener albergue durante el día. Para obtener mejores resultados, asegúrese que el área en la cual colocará el cebo esté húmeda. En climas muy secos, riegue bastante antes de colocar el cebo. Utilice aproximadamente una libra por 2000 pies cuadrados (185.81 metros cuadrados). El Mata Babosas y Caracoles Corry's® (3.25) se puede utilizar para proteger las siguientes plantas de frutas y de vegetales: A. Aplique sólo a la superficie de la tierra. No aplique al follaje o partes correspondientes de la plantas. Use el Mata Babosas y Caracoles Corry's® (3.25) para proteger espinacas, frijoles, repollo, zanahorias, apio, perinos, lechuga, melones, cebollas, chicharos, pimientos, papas, rábanos, espinaca, calabaza, tomates, nabos, manzanas, aguacates, arándanos, cerezas, ciruelas, uvas, melocotones (dulzón), ciruelas y fresas.

KEEP OUT OF REACH OF CHILDREN  
MANTENGASE FUERA DEL ALCANCE DE LOS NIÑOS

**CAUTION:** THIS PESTICIDE MAY BE FATAL TO DOGS OR OTHER PETS IF EATEN. KEEP PETS OUT OF TREATED AREA. SEE SIDE / BACK PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.

Can Be Used Around Fruit and Vegetable Plants, Lawns and Ornamental Plants too!

Provides Up To Two Weeks of Plant Protection.

Slugs and snails are two of our most destructive garden pests. Although their outward appearance is quite different, they are essentially the same creature, except that the slug does not have the external shell of the snail. Slugs and snails feed almost entirely at night, in the evening or during dark days. They prefer moist, warm conditions and rarely venture from their hiding places during cold weather or during exceedingly dry or hot spells. Slugs and snails hatch from eggs, laid in clusters, under debris, stones, compost heaps or beneath the surface of the soil. Generally, they will hatch out after 20 to 30 days of favorable weather conditions after which time they will continue to grow slowly, eating our most tender and succulent vegetation. While these small slugs and snails are growing and eating they migrate towards better feeding and sheltering conditions. It is because of this migrating habit that it is impossible to completely eliminate the slug and snail problem. However, with the use of Corry's® Slug & Snail Death (3.25) and a consistent baiting program, these pests can be reduced to where they no longer present a major threat to our gardens.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. TO APPLY: (See graphics for suggested application methods) This product is for use in Home and Garden areas. Corry's® Slug & Snail Death (3.25) is so easy to use. This product requires no mixing, spraying or special applicators. Just scatter lightly on the soil surface in infested areas as recommended in the graphics below. Apply heavier if infestation is severe. If slugs and snails are invading from adjacent properties, a pencil thin line the entire length of the infested area will form a barrier resulting in excellent control. This bait is extremely attractive to slugs and snails and actually lures them from their hiding places and kills them. Reapply bait every two weeks - more often during heavy infestations or in areas heavily watered. All likely places should be treated as these pests migrate. They favor damp places around vegetable plants, flower gardens, rockeries, hedges, compost heaps, dichondra lawns, ivy patches and other ground cover where they can obtain shelter by day. For best results, be sure area to be baited is damp. In very dry weather, water well before baiting. Use approximately one pound per 2000 square feet.

CORRECT CORRECTO

CORRECT CORRECTO

CORRECT CORRECTO

INCORRECT INCORRECTO

INCORRECT INCORRECTO

Corry's® Slug & Snail Death (3.25) can be used to protect the following fruit and vegetable plants. Apply only to the soil surface. Do not apply to the foliage or edible parts of the plant. Use Corry's® Slug & Snail Death (3.25) to protect asparagus, beans, cabbage, carrots, celery, cucumbers, lettuce, melons, onions, peas, peppers, potatoes, radishes, spinach, squash, tomatoes, turnips, apples, avocados, blackberries, cherries, citrus, grapes, peaches, plums and strawberries.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry, locked location out of direct sunlight, in original container, and not accessible to children or pets. Avoid contamination of feed and foodstuffs.

DISPOSAL: If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: May be harmful if swallowed. Avoid breathing dust. Avoid contact with skin, eyes or clothing. Wash thoroughly after use. KEEP OUT OF REACH OF CHILDREN AND DOMESTIC ANIMALS. This pesticide may be fatal to dogs or other pets if eaten. Keep pets out of treated area. IMPORTANT: Keep away from children, dogs and cats. Bait may be attractive to dogs. Confine pets during application to prevent them from believing they are being fed. Use and store under conditions where there will not be a hazard.

FIRST AID

IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), call 1-800-308-3723.

ENVIRONMENTAL HAZARDS

For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash waters.

NOTICE:

Buyer assumes all responsibility for safety and use not in accordance with directions.

MANTENGASE FUERA DEL ALCANCE DE LOS NIÑOS

PRECAUCION: ESTE PESTICIDA PUEDE SER FATAL PARA LOS PERROS Y OTRAS MASCOTAS SI SE INGIERE. MANTENGA A LAS MASCOTAS FUERA DEL AREA TRATADA. CONSULTE EL PANEL LATERAL / POSTERIOR PARA CONOCER AVISOS DE PRECAUCION ADICIONALES.

AVISOS DE PRECAUCION RIESGOS PARA HUMANOS Y ANIMALES DOMESTICOS

PRECAUCION: Puede ser nocivo si se ingiere. Evite respirar el polvo. Evite el contacto con ojos, piel o ropa. Lávese minuciosamente después de utilizarlo. MANTENGASE FUERA DEL ALCANCE DE LOS NIÑOS Y DE LOS ANIMALES DOMESTICOS. Este pesticida puede ser mortal para perros y otras mascotas, si se ingiere. Mantenga a las mascotas fuera del área tratada.

IMPORTANTE: Manténgase fuera del alcance de los niños, perros y mascotas. El cebo puede ser atractivo para los perros. Encierre a sus mascotas durante la aplicación para evitar que crean que están siendo alimentados. Utilice y almacene en condiciones en donde no sea peligroso.

PRIMEROS AUXILIOS SI SE TRAGA: Llame inmediatamente al centro de control de envenenamiento o al doctor para obtener más recomendaciones de tratamiento. Haga que la persona tome sorbos de un vaso con agua, si puede tragar. No induzca el vómito a menos que lo indique el centro de control de envenenamientos o el doctor. No le dé nada por la boca a una persona inconsciente.

SI SE INHALA: Lleve a la persona al aire fresco. Si la persona no respira llame al 911 o a una ambulancia, luego de respiración artificial, preferible de boca a boca, si es posible. Llame al centro de control de envenenamiento o al doctor para obtener recomendaciones adicionales de tratamiento. SI CAE EN LA PIEL O EN LA ROPA: Quite la ropa contaminada. Enjuague inmediatamente la piel con mucha agua durante 15-20 minutos. Llame al centro de control de envenenamiento o al doctor para obtener más recomendaciones de tratamiento. SI HAY CONTACTO CON LOS OJOS: Mantenga el ojo abierto y enjuague con agua despacio y con cuidado por 15-20 minutos. Si tuviera lentes de contacto, quítelos después de lavarse con agua en los primeros 5 minutos y después continúe lavando el ojo. Llame al centro de control de envenenamiento o al doctor para obtener más recomendaciones de tratamiento.

NUMERO DE LA LINEA DE ACCESO DIRECTO Tenga a la mano el envase del producto o la etiqueta cuando llame al centro de control de envenenamiento o al doctor, o al buscar tratamiento. Para mayor información sobre este producto pesticida (incluso si tiene preguntas sobre salud, emergencias médicas o incidentes con pesticidas), llame 1-800-308-3723.

RIESGOS AMBIENTALES Para usos terrestres, no lo aplique directamente al agua o en áreas donde hay agua en la superficie o en áreas entre mareas bajo la marca alta promedio de agua. No contamine el agua al deshacerse de lo que usó para limpiar el equipo. ALMACENAMIENTO Y ELIMINACION - ALMACENAMIENTO: Almacene en un lugar frío, seco y cerrado lejos de la luz solar directa, en el envase original y sin acceso a niños o mascotas. Evite la contaminación de los comedibles y alimentos para animales. ELIMINACION: Si está vacío: No vuelva a usar este envase. Ténelo a la basura, si está disponible, ofrézcalo para reciclaje. Si está parcialmente lleno: Llame a su agencia de desechos sólidos para obtener instrucciones sobre cómo eliminarlo. Nunca elimine el producto no utilizado en drenajes internos o externos.
