

For Use in Commercial Shipyards Only

AMERCOAT 279 Antifouling

Precautionary Statements Hazards to Humans (and Domestic Animals)

Corrosive to eyes and skin. Irritant to nose, throat, and lungs. May be fatal if swallowed. Avoid breathing vapors.

Note: When product is used in confined areas or applied by spraying, wear protective clothing and a properly fitting respirator provided by the Mining Enforcement and Safety Administration, formerly the U.S. Bureau of Mines, and by the National Institute for Occupational Safety and Health under the provisions of 30 CFR 11.

First Aid: In case of contact, immediately wash skin with soap and water. Flush eyes with plenty of water for at least 15 minutes and get medical attention. Remove and wash contaminated clothing before reuse. If swallowed, drink one or two glasses of water and do not vomit. Do not induce vomiting. If inhaled, get person to fresh air. Avoid contact with eyes and skin. Do not inhale dust or fumes. Do not breathe vapors.

Environmental Hazards: Do not discharge into waterways.

Physical or Chemical Hazards: Flammable. Keep away from heat, sparks, and open flames. In case of spillage, eliminate all sources of ignition.

Direction for Use: This is a variation of the Federal Law for the product's application. See label for details.

Apply thoroughly before use. May be applied by regular and spray methods. Normally, water is not required when forming a new coating.

Storage and Disposal: Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited. Pesticide spray or residue that cannot be used or chemically reprocessed should be disposed of according to procedures under the Resource Conservation and Recovery Act.

Container: For reuse (or equivalent) and after recycling or reconditioning, use only for sanitary and food or other approved uses and local procedures. Check Federal, State, or local regulations for appropriate procedures.

Warranty: Refer to Ameron's Product Data Sheet for Ameron's Warranty and Application instructions on this product.

Active Ingredients:	
Cuprous Oxide	32.90%
Tributyltin Fluoride	1.55%
