James J. Napoli, Ph.D.
Frank Miller & Sons, Inc.
13831 South Emerald Avenue
Chicago, IL 60627

Dear Dr. Napoli:

Subject: Revised Labels (FR Notice 83-3)
Non-Selective Vegetation Killer
EPA Registration No. 8123-23
Liquid Vegetation Killer
EPA Registration No. 8123-25
Complete Vegetation Killer
EPA Registration No. 8123-28 ✓
Your Submissions Dated August 22 and 23, 1984

The amendments referred to above, submitted in connection with registration under FIFRA are acceptable, provided that you:

1. Make the labeling changes listed below before you release these products for shipment bearing the amended labeling:
 - a. Refer to 40 CFR 162.16 for proper label format, including the general heading "Precautionary Statement" and subheadings "Hazards to Humans and Domestic Animals," "Environmental Hazards," and "Physical or Chemical Hazards"; and
 - b. The appropriate signal word(s) and precautionary statements for your products. (A sample label is enclosed for your reference.)

NOTE: Under Environmental Hazards, change "Keep out of lakes, streams or ponds" to "Do not apply directly to water."
 - c. Delete the term "sterile" from the General Information section.
 - d. For EPA Registration No. 8123-28, refer to our letter of December 20, 1982, regarding label ingredient statement or formula statement revision.
2. Submit one (1) copy of your final printed labeling before you release these products for shipment.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labelling.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Do not expose to extreme temperatures. Do not stack more than five drums high. Drums should be opened in well-ventilated areas. Leaking or damaged drums should be placed in overpack drums for disposal. Spills should be absorbed in sawdust or sand and disposed of in a sanitary landfill. Keep container closed when not in use. Do not store near fertilizers, seeds, insecticides or fungicides.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or sludge is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at your EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities.

GENERAL WEED CONTROL: To control most weeds on non-cropland areas such as parking lots, fence rows, railroad sidings and storage yards, spray at the rate of 1 to 2 gallons for each 1,000 square feet.

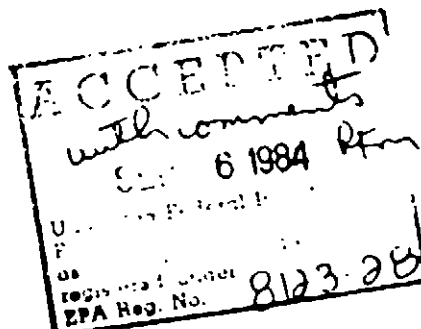

DIRECTIONS: This product may be applied at any time of the year, EXCEPT when ground is frozen. Best results are obtained after vegetation has emerged, in late spring or early summer. Use power sprayers, compressed air hand sprayers, or an ordinary sprinkling can. No dilution or agitation is required.

CAUTION: Vapors from this product may injure susceptible plants in the immediate vicinity.

Do not store near fertilizers, seeds, insecticides or fungicides.

Coarse sprays are less likely to drift.

Avoid drift spray to susceptible plants, as this product may injure cotton, beans, peas, grapes, ornamentals, etc.

COMPLETE VEGETATION KILLER

ACTIVE INGREDIENTS:

Petroleum Solvent	96.10%
2,4-Dichlorophenoxyacetic acid, isooctyl ester*	1.09
Bromacil (5-bromo-3-secbutyl-6-methylurecil)	0.61
Pentachlorophenol	0.80
Other chlorophenols	0.09
INERT INGREDIENTS:	1.31

TOTAL 100.00%

*2,4-Dichlorophenoxyacetic acid equiv. .70%
