Frank Miller & Sens, Inc. c/o Mr. Russell F. Sawyer Registrations Plus 425 West 194th Street Glenwood, IL 60425-1584

Dear Mr. Sawyer:

Subject:

Label Amendment to Comply with the 2,4-D Exposure Reduction Agreement in

Response to the Agency's Letter, Dated July 7, 1998

Weed Killer And Semi-Soil Sterilant (Reg. No. 8123-29)

EPA Registration Number: 8123-29

Your Submission Received July 27, 1998, as Amended by FAX on September 1

and 2, 1998

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable provided you make the following revisions:

- 1. Insert the word "pneumonia" between "aspiration" and "hazard" in the Note To Physician at the bottom of the First Aid section.
- 2. In the first paragraph of the Hazards To Humans and Domestic Animals section, revise the precautionary statement regarding use of the toilet to read: "Wash hands and arms before using toilet."

A stamped copy of the label is enclosed for your records. Submit one copy of the final printed labeling before you release the product for shipment.

Sincerely yours,

Susan I. Starton, for Joanne I. Miller

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

Harmful if absorbed through skin. Avoid contact with skin, eyas, or clothing. When mixing, loading or applying this product or repairing or cleaning equipment used with this product, wear eye protection (face shield or safety glasses), chemical resistant gloves, long-sleaved shirt, long pants, socks and shoes. It is recommended that safety glasses include front, brow and temple protection. Wash hands, face and arms with soap and water as soon as possible after mixing, loading or applying this product. Wash hands, face and arms with soap and water before eating, smoking or drinking. Wash hands, face and arms before using toilet. After work, remove all clothing and shower using soap and water. Do not reuse clothing worn during the previous day's mixing and loading or spplication of this product without cleaning first. Clothing musts be kept and washed separately from other household laundry. Remove saturated clothing as soon as possible and shower.

If this container is over one gallon and less than five gallons, then persons engaged in open pouring of this product must also wear coveralls or a Chemical resistant apron. If this container is five gallons or more in capacity, do not open pour product from this container. A mechanical system (such as a probe and pump or spiget) must be used for transferring the contents of this container. If the contents of a non-refillable pesticide container are emptied, the probe must be rinsed before removal.

FIRST AID

IF ON SECUR: Wash with plenty of soap and water. Get medical attention.

HEGICAL ACCESSCION.

TF MCLICATO: Call a doctor or get medical attention.
Do not induce vomiting. Do not give
anything by mouth to an unconscious

person. Avoid alcohol.

MOTE TO PRESICUAE: Hay pose an aspiration hazard.

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic invertebrates. Drift or runoff may adversely effect aquatic invertebrates and nontarget plant. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters. Do not apply when weather conditions favor drift. Vapors from this product may injure susceptible plants in the immediate wicinity. Coarse sprays are less likely to drift.

Most cases of groundwater contamination involving phenoxy herbicides such as 2,4-D have been associated with mixing/loading and disposal sites. Caution should be exercised when handling 2,4-D posticides at such sites to prevent contamination of groundwater supplies. Use of closed system for mixing or transferring this product will reduce the probability of spills. Placement of mixing/loading equipment on an impervious pad to contain spills will help prevent groundwater contamination.

PHYSICAL OR CHEMICAL HAZARDS

Contains petroleum distillates. Do not use or store near heat or an open flame.

BATCH NO.:

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product is a specially formulated non-selective vegetation killer for controlling a wide range of annual and perennial weeds and grasses. Apply undiluted as a spray on non-cropland areas where bare ground is desired. Control will vary with the amount of chemical applied, soil type, raintal and other conditions. This product is noncorrowive to metal surfaces. Especially compounded for industrial and municipal weed control.

GENERAL WEED CONTROL: To control most weeds on non-cropland areas such as parking lots, fence reve, railroad sidings and storage yards, spray at the rate of 1 to 2 gallons for each 1,000 square feet (40 to 80 gallons per acre).

DIRECTIONS: This product may be applied at any time of the year, EXCEPT when ground is frozen. Best results are obtained after regetation has emerged, in late spring or early summer. Use power sprayers, compressed air hand aprayers, or an ordinary sprinkling can. No dilution or agitation is required.

CAUTION: Vapors from this product may injure susceptible plants, as this product may injure cotten, bears, peas, grapes, presentals, etc.

STORAGE AND DISPOSAL

Do not contaminate water, lood, feed, or fertilizer by storage or disposal. Keep container tightly closed when not in use. If container is damaged or leaking, contain spill. Soak up spilled material with absorbent and place in closed, labeled container for proper disposal.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinade is a violation of Federal Law and may comaminate ground water. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose in a sentency landfell, or, it allowed by state and local authorities, by burning. If burned, it stay out of smoke.

SCIENTIFICALLY FORMULATED FOR INDUSTRIAL AND INSTITUTIONAL USE
