

ORNAMENTAL INSECTICIDE

ACTIVE INGREDIENTS:

Malathion	57%
Methylated Naphthalene	34%
INERT INGREDIENTS	9%

(Contains 5 lbs. premium Malathion per gallon)

*O,O-Dimethyl Dithiophosphate of Diethyl Mercaptosuccinate

WARNING: KEEP OUT OF REACH OF CHILDREN
See Side Panels for Directions and Additional Cautions

CAUTION

Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing of spray mist. Avoid contact with the skin. Wash with soap and water after using Malathion. Wash clothing with soap and water before re-use. Avoid contamination of feed and foodstuffs. Keep out of reach of children and domestic animals. Do not reuse empty container. Destroy it by perforating or crushing. Bury or discard in a safe place away from water supplies.

FIRST AID

EXTERNAL -- If spilled on skin or clothing wash thoroughly with soap and water and change clothes. For eyes, flush with water for 15 minutes and get medical attention promptly.
INTERNAL -- If swallowed, induce vomiting by giving 1 tablespoonful of salt in a glass of warm water. Repeat until vomit fluid is clear. **CALL A PHYSICIAN IMMEDIATELY.** **SYMPTOMS** of poisoning are pin-point pupils, drooling, lacrimation, labored breathing, vomiting, marked tremors, diarrhea, and convulsions. If these symptoms should occur after handling or using Malathion, **CALL A PHYSICIAN IMMEDIATELY.**

NOTE TO PHYSICIAN: In the event of poisoning, please refer to the enclosed literature for further information.

DIRECTIONS

For control of ornamental insects, it may be used on flowers, shrubs, and shade trees, however injury should not occur on certain ferns and on some species of crassula. Thorough, full-coverage applications should be made. Repeat applications as necessary.

A dilution of 1 teaspoonful in 1 gallon of water, **ORNAMENTAL INSECTICIDE** will control aphids, mealy bugs, spider mites, whitefly, Japanese beetle, tort, lace bugs, four lined leaf bug, European ne. shoot moth, and leafhoppers.

A dilution of 2 teaspoonsful in 1 gallon of water, **ORNAMENTAL INSECTICIDE** will control birch leaf miners, boxwood leaf miner, bagworms, oak kermes, tent caterpillar, azalea scale, black scale crawlers, pitcher scale, juniper scale, magnolia scale, citrus scale, scurf scale, and scurfly scale.

A dilution of 4 teaspoonsful in 1 gallon of water, **ORNAMENTAL INSECTICIDE** will control scale and scale.

CONTENTS

For outdoor control of mosquito and small flying insects use a 2% (1 part **ORNAMENTAL INSECTICIDE** to 28 parts water) or 5% (1 part **ORNAMENTAL INSECTICIDE** to 11 parts water) area spray. Repeat applications as necessary.

To control roaches, ants, spiders, earwigs, clover mites, silverfish, and crickets, dilute 3 tablespoonsful in 1 quart of water, and apply as a coarse spray or brush on around door and window frames, baseboards, cracks and crevices, and other areas accessible to these insects. Do not contaminate food or utensils. Repeat applications as necessary.

This product is toxic to fish. Keep out of lakes, streams, or ponds. Do not apply where runoff is likely to occur. Do not apply where weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on the label.

This product is highly toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

Do not reuse empty drum. Return to drum reconditioner, or destroy by perforating or crushing and burying in a safe place away from water supplies.

NOTICE

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
