

NUMBER 2

CHEMICAL SEWER CLEANER AND ROOT DESTROYER

DANGER-POISON

Causes Severe Burns On
Contact. See Warnings and Anti-
dote Statement On Back Panels

INGREDIENTS

ACTIVE INGREDIENTS

Sodium Hydroxide
(Caustic Soda) 85.69%
Copper Sulphate .30%

INERT INGREDIENTS

14.01%

TOTAL

100.00%

KEEP OUT OF REACH OF CHILDREN

NET WEIGHT 6 1/2 POUNDS

ACCEPTED
10-28-68
8132-3

SEE OPPOSITE PANEL BEFORE USING

**CAUTION
READ BEFORE USING**

1. Do not use more than 2-1/2 pound dose at a time.
2. Pour the ROOTO into the opening SLOWLY.
3. Add cold water SLOWLY, into the opening.
4. Wait at least 10 minutes before second dose. **ROOTO No. 2**, in working, generates heat which may cause expansion of air or gases in an enclosed space.

**FOLLOW ABOVE DIRECTIONS TO AVOID ERUPTION OR "SPITTING"
KEEP HANDS AND FACE AWAY FROM POINT OF ENTRANCE**

DIRECTIONS FOR ROOT PREVENTION:

Insert by pouring slowly one-third of the contents directly into the stack base. Add one pail of cold water slowly. Repeat this procedure with the balance of the chemical. If the chemical must be inserted through the toilet bowl, it is imperative to flush toilet while chemical is being poured in small quantities.

FOR SLUGGISH SEWERS: The minimum requirement is four 6-1/2 pound cans (called 'shots'), or, the rule of thumb is one-half pound of ROOTO No. 2 per lineal foot of six inch diameter pipe. Longer and larger sewers require more or added daily treatment. Therefore, to treat an average length home lateral, apply one 'shot' 6-1/2 pounds - each day for four days as directed above - preferably in the evening when the utilities are no longer in use. 24 hours after the last chemical 'shot' is applied, flush thoroughly by inserting the garden hose into the sewer line.

It is economically sound to treat a sewer two to four times a year with ROOTO No. 2, particularly if it has been troublesome and previously bored by an electrical device or if it is situated near trees and shrubberies, for this precaution may avoid inconvenience later.

Be sure can is completely empty, then rinse thoroughly before discarding

KEEP CONTAINER CLOSED AND DRY

10-28-68

UNITED STATES PATENT OFFICE
REGISTERED TRADE MARK
ESTABLISHED 1912

8132-3

CONTAINS SODIUM HYDROXIDE (CAUSTIC SODA)

DANGER—POISON

CAUSES SEVERE BURNS ON CONTACT

- PROTECT SKIN, EYES, MUCOUS MEMBRANES and CLOTHING
- Avoid inhaling fumes
- Do not take internally

Use utmost caution to avoid contact with any solution remaining after use

**KEEP HANDS AND FACE AWAY
FROM POINT OF ENTRANCE AT ALL TIMES**

ANTIDOTE

EXTERNAL Flood with water and then wash with vinegar.

INTERNAL Give vinegar or juice of lemon, grapefruit, or orange copiously. Follow with olive oil, butter or other cooking oils.

DO NOT induce vomiting.

EYES Flush with water for at least 15 minutes.

CALL PHYSICIAN AT ONCE

KEEP OUT OF REACH OF CHILDREN

GUARANTEE

The ROOTO Corporation guarantees the ROOTO products to do the job for which they are intended. In the event of a failure the retailer is free to refund the purchase price and receive a replacement from his jobber. The ROOTO Corporation, in turn, will replace the unit to the jobber with his next order.
