JEWEL

TOILET BOWL CLEANER

DISINFECTS...DEODORIZES...REMOVES STAINS

New Disinfectant JEWEL TOILET BOWL CLEANER kills house^{hold} old germs as it cleans. Here's how you know... follow directions and watch the water turn blue-green. When water becomes colorless... household germs have been killed.

Harmless to plumbing and septic tanks. Safe for white and colored bowls. Store out of reach of children.

To disinfect and clean, flush toilet, sprinkle 1/2 cup of JEWEL TOILET BOWL CLEANER into water and on bowl sides. After bubbling stops, let stand a few minutes... then brush and flush.

Stubborn stains, repeat above, brush at once and let solution stand for 30 minutes or overnight. Brush again before flushing. Brushing JEWEL TOILET BOWL CLEANER on stains insures removal.

To refresh bathroom air, pour 1/4 cup of JEWEL TOILET BOWL CLEANER into bowl... flush when bubbling stops.

Regular use in correct amounts will keep toilet bowls stain-free. Do not use in wash bowl, bathtubs, or enameled surfaces... JEWEL TOILET BOWL CLEANER is specifically intended for toilet bowls. Clean immediately any surface on which JEWEL TOILET BOWL CLEANER is spilled. Rinse bowl brush in fresh water after use.

* **CAUTION—CONTAINS SODIUM ACID SULPHATE (ACID)**
Harmful if swallowed • Keep out of eyes • May be irritating to skin

NEVER USE WITH CHLORINE PRODUCTS—can react to produce chlorine gas. If this occurs, flush toilet immediately—ventilate. Do not return for half hour.

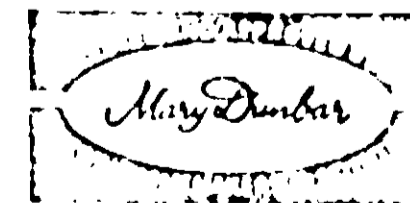

* **ANTIDOTES:** INTERNAL—drink chalk, magnesia, milk, or softened soap in milk, or raw egg whites. EYES—flush with water for 15 minutes. EXTERNAL—flush surfaces immediately with water, wash freely with soap.

* **CALL PHYSICIAN AT ONCE**
