NOTICE OF PESTICIDE:

☒ REGISTRATION
☐ REREGISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

Bactron K-55 Microbiocide

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Champion Chemicals, Inc.
P.O. Box 450499
Houston, TX 77245

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

- Add the phrase "EPA Registration No. 8133-28."
- The statement Active Ingredient must be singular. Delete the letter "s".
- The referral statement "See side panel for additional precautionary statements," should be placed outside the center panel precautionary statements, not part of the side to back panel statement.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Corrosive. Causes eye damage and skin irritation. Methanol may cause blindness. Harmful or fatal if swallowed. DO NOT get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Vapors harmful. Avoid breathing spray mist or vapors. Avoid contact with skin. Avoid contamination of food.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. DO NOT discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. DO NOT discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

Directions for Use

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Enhanced Oil Recovery: Inject BACTRON K-55 directly from the drum to control bacteria following injection of miscible solvent, oil displacement chemicals, or carbon dioxide. Dosage required may be 25-500 ppm. The lower concentration for continuous treatment the higher for periodic batch.

For repressuring depleted oil or gas zones continuous injection of BACTRON K-55 at 25-100 ppm into fresh or salt water should be adequate

For preserving drilling fluids, work-over fluids or water based packer fluids 100-500 ppm of BACTRON K-55 will be adequate.

For batch treating the Annulus of Producing oil wells 1-5 gallons of BACTRON K-55 can be flushed down the annulus weekly with produced fluids.

BACTRON K-55
