NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

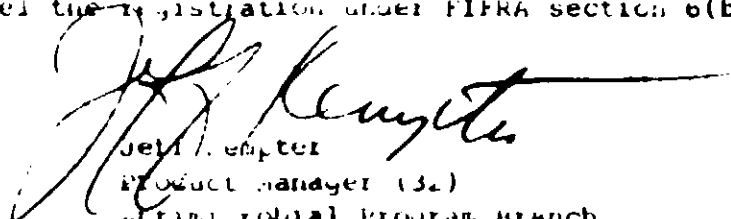

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the general registration standard - "Guidance on the Registration and Reregistration of Pesticide Products Containing Chlorophenols, Dichlorophenols and Trichlorophenols as the Active Ingredient" -- issued January 1987 and revised April 1987, you reregistered the product listed above in accordance with FIFRA section 2(b)(7). EPA has also reviewed your response to the sanitizer label improvement program issued July 25, 1987 and has determined that your product is in compliance with the program.

Your amended label has been stamped approved and a copy is enclosed. You should update any comments noted on your label. This label must be on products released for shipment within 1 year or by the next label printing, whichever occurs first. This label must also appear on all supplemental registrations within 1 year of this Notice of Reregistration and on the next label printing, whichever occurs first.

Your product meets the criteria for reregistration under this standard. Failure to comply with this standard may result in the Agency's issuance of a notice of intent to cancel the registration under FIFRA section 6(b)(1).
