Subject: **Low Acid Husky Toilet Bowl Cleaner**
EPA Registration No.: 8155-4
Application Date: September 05, 2008
Receipt Date: September 11, 2008

Dear Mr. Wiegand:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended is acceptable. A stamped copy of the label is enclosed for your records.

Should you have any questions concerning this letter, you may contact me by telephone at (703) 308-6422 or by e-mail at heyward.adam@epamail.epa.gov or Stacey Grigsby by telephone at (703) 305-6440 or by email at grigsby.stacey@epamail.epa.gov during the hours of 8:00 am to 4:00 pm EST. When submitting information or data in response to this letter, a copy of this letter should accompany the submission to facilitate processing.

Sincerely,

A handwritten signature in black ink that reads "Stacey Grigsby".

Back Panel

Quickly removes rust, lime and uric acid deposits. Eliminates offensive odors. Antibacterial formula. Kills the following bacteria: **Staphylococcus aureus** and **Salmonella choleraesuis**. Will not harm bacteria action of septic tanks.

Recommended for use in commercial and industrial buildings, households, schools, manufacturing plants, public restrooms, hotels and motels. For use inside toilet bowls and urinals. Do not use on sinks, bathtubs, or other porcelain enameled surfaces. Use of this toilet bowl cleaner on other than vitreous ware is done at user's risk.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. (To open child resistant cap: Use fingernail or coin to pull back and push down rear-most ridge of spout- Push spout down after use.)

General Cleaning: Open cap. Squeeze gently, directing bowl cleaner under rim and on sides of bowl, inside only. Brush clean and flush toilet. Close cap. Rinse brush with clean water. Do not use on any other surfaces including toilet seat, toilet lid, countertops, tubs and sinks. To clean other acid resistant surfaces, dilute product with 3 parts water. Do not allow solution to remain on surfaces without immediately rinsing thoroughly with water.

To Disinfect Toilet Bowls or Urinals: Remove water from bowl or urinal by forcing over trap with applicator. Remove excess water from applicator by pressing it against side of bowl. Pour 1 oz. of toilet bowl cleaner on applicator. Clean entire unit, especially under rim at water outlets. Allow to remain 10 minutes. Flush and rinse out applicator. A preliminary cleaning is required for the removal of heavy soil prior to disinfection.

PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals

DANGER: CORROSIVE. Causes eye and skin damage. May be fatal if swallowed. Do not breathe vapor or fumes. Do not get in eyes, on skin or on clothing. Use with adequate ventilation. Wear goggles or face shield and rubber gloves when handling.

CHEMICAL HAZARDS: Never use with chlorine products. Can react to give chlorine gas. If this occurs, flush toilet to remove chemicals and leave area. Do not return for half hour. Ventilate if possible. Never use or mix with other cleaners or chemicals. Do not use on any surface that can be damaged by acid materials. Many surfaces are not resistant to acid.

[Do not use on PVD finished surfaces.]

First Aid

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information concerning this product, call the National Pesticides Information Center (NPIC) at 1-800-858-7378 seven days a week, 6:30am to 4:30pm, Pacific Time. (NPIC website: www.npic.orst.edu)

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

FOR CONTAINERS 1 GALLON or LESS:

STORAGE AND DISPOSAL: Store in an area inaccessible to children. Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. Otherwise, wrap empty container in plastic bag and discard in trash. (For Industrial and Institutional Use Only) LOT CODE Designating Batch

FOR CONTAINERS OVER 1 GALLON:

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal. Store in an area inaccessible to children.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray, or mixture of rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label directions, contact your State Pesticide or Environmental Control Agency, or the hazardous waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. Triple rinse container (or equivalent) promptly after emptying. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incinerate, or if allowed by state and local authorities, burn. If burned, stay out of smoke.

FOR CONTAINERS OVER 5 GALLONS:

ENVIRONMENTAL HAZARD Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.
