Attention: John Wiegand
Director, Research and Development

Subject: GENERAL PURPOSE/ NON-ACID HUSKY G/P DISINFECTANT
EPA Registration No. 8155-5
Your Amendment Dated April 18, 1995 and
Your Cover Letter Dated June 8, 1995
EPA Received Date June 20, 1995

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, to revise the product labeling (signal word, precautionary statements, delete trigger sprayer reference, and update virucidal label text) is acceptable, provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling.

1. Under Precautionary Statements, after the signal word Caution, add the sentence "Avoid breathing the Spray Mist."
2. In the Statement of Practical Treatment section, revise the sentence "If swallowed, drink egg whites, gelatin solution or if these are not available drink large quantities of water." to read "If swallowed, drink large quantities of water."
3. In the Mildewstat use directions section, revise the first sentence "... (such as walls, table tops) wipe the surfaces to be treated, ..." to read "... (such as floors, walls, table tops) spray the surfaces to be treated, ...".

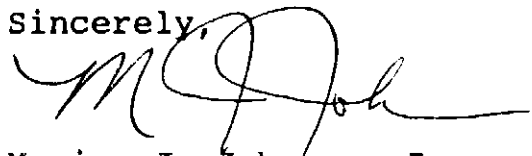

Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

Designed specifically for cleaning and disinfection in Nursing Homes, Hospitals, Institutions, Offices, Schools, Homes, Motels, and Hotels. When used as directed, it will disinfect inanimate hard surfaces (such as walls, sink tops, tables, chairs, telephones, door knobs, light switches, shower stalls, handrails, cabinets, and bed springs). When used as directed, product demonstrates effective disinfection against Staphylococcus aureus, Salmonella choleraesuis, and Pseudomonas aeruginosa, thus meeting requirements for hospital use. Efficacy tests have demonstrated it to be an effective one-step cleaner/disinfectant in the presence of organic soil (5% blood serum).

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

DISINFECTION AND CLEANING: To disinfect, clean, and decontaminate hard non-porous surfaces such as toilet bowls, bathroom tiles, fixtures, shower stalls, walls, and sinks, proceed as indicated below:

1. To clean & disinfect toilet bowls, remove water from bowl by flushing over trap with applicator. Remove excessive water from applicator by pressing it against the side of the bowl. Pour 1 oz. on applicator. Clean entire unit, especially under rim at water outlets. Allow to remain wet for 10 minutes. Flush and rinse out applicator.
2. Hold container six to eight inches from surface to be treated. Spray area until it is covered with the solution. Allow the product to penetrate and remain wet for 10 minutes. No scrubbing necessary.
3. Wipe off with a clean cloth, mop, or sponge. The product will not leave grit or soap scum.

For heavily soiled areas, remove gross soil before treatment.

EFFECTIVE AGAINST HIV-1 (AIDS VIRUS): Product was evaluated and found to be an effective virucide in the presence of 5% serum against the virus HIV-1 (Human Immunodeficiency Virus 1, commonly referred to as "AIDS VIRUS") on inanimate surfaces. **KILLS HIV ON PRECLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS** in health care settings (Hospitals, Nursing Homes) or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency virus Type 1 (HIV-1) (associated with AIDS). **SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV ON SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS. PERSONAL PROTECTION:** Disposable latex gloves, gowns, masks, and splash resistant goggles must be worn when handling items soiled with blood or body fluids. **CLEANING PROCEDURES:** Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this disinfectant. **CONTACT TIME:** Leave surface wet for 10 minutes. **DISPOSAL OF INFECTIOUS MATERIALS:** Blood and other body fluids should be autoclaved and disposed of according to local regulations for infectious waste disposal. **EFFECTIVE AGAINST HERPES SIMPLEX TYPE 2** (on hard inanimate surfaces).

Manufactured By:
CANBERRA CORPORATION
3610 Holland-Sylvania Rd.
Toledo, Ohio 43615

The product is fungicidal against Pathogenic fungi (Trichoglyphytes) when used as directed on hard surfaces found in the restroom, shower stall and locker room or other clean hard non-porous surfaces commonly contacted by bare feet.

MOLD AND MILDEWSTAT Prevents and controls mold and mildew on hard non-porous inanimate surfaces.

MILDEWSTAT To control mold and mildew on hard non-porous surfaces (such as walls, table tops) wipe the surfaces to be treated, making sure to wet completely. Let air dry. Repeat application at weekly intervals or when mildew growth appears.

PRECAUTIONARY STATEMENTS

**HAZARD TO HUMANS AND DOMESTIC ANIMALS
KEEP OUT OF REACH OF CHILDREN**

CAUTION: Avoid contact with skin, eyes or clothing. In case of contact immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists. Avoid contamination of food.

STATEMENT OF PRACTICAL TREATMENT: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink egg whites, gelatin solution or if these are not available drink large quantities of water. Call a physician.

STORAGE AND DISPOSAL

PROHIBITIONS: DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL. OPEN DUMPING IS PROHIBITED.

Pesticide Disposal: Pesticide spray mixture or rinse water that cannot be used according to label instructions must be disposed of according to Federal or approved state procedures under Sub-Title C of the Resource Conservation and Recovery Act.

Container Disposal: Do not reuse empty container. Rinse thoroughly with water before discarding in trash.
