Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. "8177-83".
- b. The heading "Storage and Disposal" must be the same minimum type size as the child hazard warning statement.

STORAGE AND DISPOSAL

Storage: Keep container closed when not in use. In case of damage, do not breathe vapors and dispose of in accordance with applicable regulations.
Pesticide disposal: Paint chips, spent abrasives, and any other waste materials from removal of old paint must be disposed of in a sanitary landfill (if required by Federal, State or local regulations), handled as a hazardous waste. If possible, use all of the contents by application according to label instructions. Manage excess paint, thinners, and other application wastes in accordance with Federal, State, and local requirements. Consult your State, Federal, or Environmental Control Agency, nearest EPA Regional Office, or the RCRA Superfund Hotline, (800) 424-9346 for waste disposal guidance.
Container disposal: Triple rinse container, if intended for recycling or reconditioning. Empty paint containers with small amounts of dried residue must be disposed of in a sanitary landfill (if required by Federal, State or local regulations), handled as a hazardous waste.
