SANITATION THROUGH CHEMISTRY

ACCEPTED

EPA Registration  
No. 8200-15

Nov. 10, 1972

UNDER THE FEDERAL INSECTICIDE  
ACT OF 1947  
FOR ECONOMIC POISON REGISTRATION  
EPA UNDER NO. 8200-15

**MORSELECT**  
SELECTIVE WEED KILLER

It is now possible to kill weeds in lawns without harm to grasses. MORSELECT contains the new 2,4-D. Dandelion, Lawn Pennywort, Annual Morning Glory, Daisy, Chickweed, Ragweed, Burdock, Ground Ivy, Poison Hemlock, Wild Lettuce and other broad leaf weeds — all are destroyed at the roots without injury to the turf or desired grass. Apply when lawn is well established and weeds are young and actively growing. Dilution—1 part weed killer to 40 parts of water. One (1) gallon of solution will effectively treat up to 1000 square feet, sprayed or sprinkled. Retreatment may be necessary for perennial weeds.

**ACTIVE INGREDIENTS:**

\*Dimethylamine Salt of 2,4-Dichlorophenoxyacetic Acid ..... 10%

**INERT INGREDIENTS:**

\*Equivalent to 8.4% 2,4-Dichlorophenoxyacetic Acid ..... 90%

## CAUTION: Keep Out Of Reach Of Children! Harmful If Swallowed!

Avoid contact with skin, eyes, or clothing. In case of contact, flush eyes with water. Thoroughly wash skin with soap and water. Get medical attention.

Do not reuse container. Destroy when empty.

Care must be used to prevent spray drift (coarse sprays are less likely to drift) from coming in contact with vegetables, flowers, grapes, fruit trees, ornamentals, cotton, clover, or other desirable plants sensitive to 2,4-D. Avoid contamination of water intended for irrigation and domestic use. Do not store near seeds, insecticides, feeds, fertilizer or fungicides. Do not use the same spray equipment for applying other materials to plants, as injury may result. Do not apply to St. Augustine grass, bent grasses or to freshly seeded turf until grasses have become well established. Most clovers are usually injured or killed.

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
