ACCEPTED

SEP 14 1981

This product is a Restricted Use Pesticide under the provisions of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA) and is registered under EPA Reg. No. 100-100000000

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

#### WARNING

Treat outdoors in a well-ventilated place. May be fatal if swallowed. May be absorbed through skin. Do not breathe dust. Wear a mask over mouth and nose while handling. Do not get in eyes, on skin or on clothing. The use of rubber gloves is recommended. Do not use treated seed for food, feed or oil.

#### FIRST AID

**If swallowed:** Drink one or two glasses of water and induce vomiting by touching the back of the throat with finger. Repeat until vomit is clear. Call a physician immediately. Do not induce vomiting or use anything by mouth to an unconscious person.

**If inhaled:** Remove victim to fresh air. Apply artificial respiration if indicated.

**If on skin:** Remove contaminated clothing and wash affected areas with soap and water.

**If in eyes:** Flush eyes for at least 15 minutes with water. Call a doctor immediately.

#### ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Exposed treated seeds may be hazardous to birds and other wildlife. Dispose of all excess treated seeds by burial away from bodies of water. Do not contaminate any body of water by cleaning of equipment and disposal of waste and containers.

#### PRODUCT INFORMATION

AGROX D-L INSECTICIDE SEED TREATMENT is a specially formulated combination of DIAZINON for protection against seed corn maggots and wireworm protection against wireworms of seeds and seedlings.

#### DIRECTIONS FOR USE

This is a restricted use pesticide. To use this product, a marker registration system with seedlings, Peas, Corn and Beans, all types including, Cane Seed and Feeds and Soybeans. Apply the treatment to the seed before planting. To apply, pour the seed of planting into or near planting hole by either dry weight (using a box of tub or by dusting) or over the seed as it is dumped into the planter box. Thoroughly mix the seed with the pesticide. Do not use the seed if it has been treated with seed treatment. Do not use bare hands.

AGROX D-L INSECTICIDE SEED TREATMENT should be applied in conjunction with or over an approved fungicidal seed treatment such as Captan or Thiram but do not use on seed already treated with an insecticide. Seed within one month of treatment. Treated seed must not be used for or mixed with food or animal feed or processed for oil. Treat only those seeds needed for immediate use, minimizing the interval between treatment and planting. Do not store excess treated seeds beyond planting time.

#### STORAGE AND DISPOSAL

**Storage:** Keep container tightly closed when not in use. Store in a ventilated place away from water, food and feed.

**Disposal:** Do not contaminate water, food or feed by disposal. Open dumping is prohibited. Dispose of empty containers in an incinerator or landfill approved for pesticide containers or bury in a safe place.

#### NOTICE TO BUYER
