**MILAZZO BRAND ANIMAL CHASER**

Apply liberally to lawn areas away from shrubs, trees, flower beds, and other ornamental plants, from the destruction of which you wish to protect your lawn. It is clean and odorless, and does not harm the grass. The Milazzo Animal Chaser is the most effective and longest lasting best all year.

**DIRECTIONS FOR USE:** Sprinkle liberally away from plants and trees. Apply at intervals of 14 days to the points to be protected, and repeat with the same Water as that it will penetrate the soil and reach the roots of the plants. Apply every two weeks for the first three weeks of use, and then only once a month. The amount of material in this package is sufficient for 10,000 sq. ft. of lawn area.

**FOR NEWLY SEEDED LAWNS:** Apply to newly seeded lawns.
