***Notification of Change in Producing Establishment***

Explanation

Due to closure of our Trenton, NJ plant (EPA Est. 8220-NJ-2), production of ZENOX Flea & Tick Concentrated Dog Shampoo is being transferred to our Cranbury, NJ facility (EPA Est. 8220-NJ-1). The Carter-Wallace, Inc. address listed in Boxes 2 and 11 of the basic Confidential Statement of Formula (CSF) dated 4/15/97 (2 original and signed copies enclosed) reflects this change in producing establishment and supplier of deionized water. In addition, there is one other nonsubstantive change: the unit of weight in Boxes 13a and 17 is changed from pounds to kilograms. A copy of the superseded basic CSF dated 6/8/94 and accepted 9/9/94 is provided for information.

A final printed container label bearing the revised EPA establishment number is submitted herewith.

Certification

This notification is consistent with the provisions of PR Notice 95-2 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 95-2 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Notification: change in producing establishment
