## LASSIE INDOOR/OUTDOOR DOG & CAT REPELLENT

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

Harmful if swallowed or absorbed through the skin. Avoid contact with skin. Wash hands with soap and water after spraying. Do not use in commercial food processing or preparation areas. In the home, all food processing surfaces and utensils should be covered during treatment. Cover exposed food. Do not apply to food crops.

### STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush with plenty of water; get medical attention. Irritation persists.

### PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting. Never throw container into fire or incinerator.

### ACTIVE INGREDIENTS:

Methyl nonyl ketone

1.9%

Related compound

0.1%

### INERT INGREDIENTS

98.0%

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**INDOORS:** To break your pet of undesirable habits (such as sleeping on the furniture, rugs and other forbidden areas in your home), spray the article of furniture, rug, etc., lightly with this product so that the area or object is slightly moistened. Before spraying extensive areas of rugs, fabrics or plastics, test the effect of this product by first treating a small inconspicuous area. This product may stain or soften some fabrics or plastics. An alternate method to avoid possible damage is to spray a piece of cloth lightly and place it on the object or area in your home to be protected. Repeat daily or as necessary, until undesirable habit is broken.

**OUTDOORS:** To prevent your pet or stray animals from soiling flower beds, areas of lawn, trees, shrubbery or evergreen, spray the edges of flower beds, trunks of trees, the bases of shrubbery and evergreens, patches of lawn, etc., lightly every day or every other day with this product. Stray animals are frequently attracted to areas where urine or feces have been deposited. First remove any droppings, then spray the spot with this masking odor. Reapply as often as necessary until undesirable habits of your pet or stray animals are changed. Do not apply directly to foliage of shrubs or to ornamental, soft-bodied plants.

**GENERAL:** For both indoor and outdoor situations the most effective control for a pet is the sharply spoken word backed up with disciplinary action. This repellent product should be used in conjunction with training.

### STORAGE AND DISPOSAL

**STORAGE:** Store in a cool area away from heat or open flame.

**DISPOSAL:** Do not reuse empty container. Wrap container and put in trash collection.
