Cranbury, NJ 09512-0187

Dear Dr. Fisher:

Subject: Boundry Indoor/Outdoor Dog and Cat Repellent
EPA Registration No. 8220-17
Your Application Dated October 3, 1990

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable subject to the comment listed below.

- The first word after "OUTDOOR USE:" should be changed to "Discourages." The "GENERAL" section should be moved so that it immediately precedes "INDOORS" and immediately follows "It is a violation to . . . labeling."

Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

registered under EPA Reg. No.

Boundary®

Indoor/Outdoor Dog & Cat Repellent

A training aid specifically formulated to help keep pets and strays away from "forbidden" areas in and around your home.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed or absorbed through the skin. Avoid contact with skin. Wash hands with soap and water after spraying. Do not use in commercial food processing or preparation areas. In the home, all food processing surfaces and utensils should be covered during treatment. Cover exposed food. Do not apply to food crops.

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush with plenty of water; get medical attention if irritation persists.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting. Never throw container into fire or incinerator.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

INDOORS: To break your pet of undesirable habits (such as sleeping on the furniture, rugs and other forbidden areas in your home), spray the article of furniture, rugs, etc., lightly with this product so that the area or object is slightly moistened. Before spraying extensive areas of rugs, fabrics or plastics, test the effect of this product by first treating a small inconspicuous area. This product may stain or soften some fabrics or plastics. An alternate method to avoid possible damage is to spray a piece of cloth lightly and place it on the object or area in your home to be protected. Repeat daily, or as necessary, until undesirable habit is broken.

OUTDOOR USE: Prevents your pet or stray animals from soiling flower beds, areas of lawn, trees, shrubbery or evergreen. Do not apply directly to foliage of shrubs, ornamentals or soft bodied plants. Since animals are attracted to areas where urine or feces have been deposited, remove any droppings before spraying the spot with the masking odor. Spray the edge of flower beds, trunks of trees, the bases of shrubbery and evergreens, patches of lawns, lightly every day, or every other day, with this product. Repeat until undesirable habit has been changed.

NOTE: This product is not likely to break the established urination patterns of dogs unless it is used as a training aid.

GENERAL: For both indoor and outdoor situations, the most effective control for a pet is the sharply spoken word backed up with disciplinary action. This repellent product should be used in conjunction with training.

STORAGE AND DISPOSAL

STORAGE: Store in a cool area away from heat or open flame.

DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection.
