Dr. Bruce S. Ott
Carter-Wallace, Inc.
Lambert-Kay Division
P.O. Box 418
Cranbury, NJ 08512

Dear Dr. Ott:

subject: Add Large Dog Claims
Victory II Full Season Dog Collar with Dursban Insecticide
EPA Registration No. 8220-38
Your Application Dated March 26, 1987

The amendment referred to above, submitted in connection with registration under section 3(c)(7)(A) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Submit five (5) copies of your final printed labeling before you release the product for shipment.
3. The submitted data are adequate to support a 12-month claim for flea control and a 7-month claim for control of brown dog ticks on large dogs, provided the discrepancies found in the submittal are clarified. These discrepancies will be transmitted in a separate letter.

FULL YEAR COLLAR FOR LARGE DOGS
WITH DURSBAN® INSECTICIDE

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: This collar is intended for use as an insecticide generator and is not to be taken internally by man or animals. Not intended for use by humans. Do not allow children to play with this collar. Wash hands with soap and water after handling collar. Do not use on sick or debilitated animals or dogs under 12 weeks of age.

Do not use other cholinesterase inhibiting insecticides on your animal while wearing collar. Some dogs may be sensitive to this collar. Remove at first sign of irritation or adverse reaction (muscular tremor, salivation, vomiting and/or diarrhea).

The insecticide in this collar is a cholinesterase inhibitor.

Note to Physician/Veterinarian: Atropine only by injection is antidotal. Use only if symptoms of cholinesterase inhibition are present.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

The Victory® 12 Collar contains Dursban® Insecticide, one of the longest lasting flea and tick killers available for use on dogs. This collar will reach its maximum effectiveness within 2 to 3 days after placing it on the dog and will continue to protect your dog against fleas up to 12 months and ticks up to 7 months.

Place the collar around dog's neck, buckle and adjust for proper fit. Cut off and dispose of excess length. The collar must be worn loosely so that two fingers can be placed between collar and dog's neck. If collar is worn too tightly, it may produce neck irritation. Fleas and ticks present in the dog's environment that may reappear on your pet will be killed by action of this collar. Collar's effectiveness is not diminished by normal wetting such as rainfall; however, it is suggested that collar be removed before bathing or swimming.
