NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) or 4(a) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

a. Add the phrase "EPA Registration No. 8220-52."

b. Submit an Acute Inhalation study on the product. This data must be submitted within 1 year.

c. Change Precautionary Statements, as follows:

- Following "Harmful if swallowed", add "Harmful if absorbed through skin. Causes substantial but temporary eye injury. Avoid contact with skin, eyes or clothing. ~~Wear goggles, face shield, or~~ *or any glasses.* Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention.

IF INHALED: Remove victim to fresh air.

- e. Submit a 1 year storage stability study. The formulated product must be analyzed for its active ingredients at time zero and during a year of storage. The storage must be under warehouse conditions of temperature and humidity using containers similar to those that will be used in the trade. This data must be submitted within 15 months.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

LAMBERT KAY
SCENTED FLEA & TICK SHAMPOO
for
DOGS, CATS and FERRETS

BACK LABEL 9577

An insecticidal shampoo containing PYRETHRINS, a naturally derived flea and tick killer. Veterinarians use and recommend shampoo formulas with pyrethrins for effective kill of fleas and ticks. This shampoo is especially recommended for treating flea and tick problems on ferrets.

A special fragrance actually clings to the hair after rinsing and keeps the coat smelling fresh and clean for weeks. This is especially important if your pet tends to have an odor (ferrets for example).

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

Harmful if swallowed. May cause eye injury. Avoid contact with eyes. In case of contact, immediately flush eyes with plenty of water. Get medical attention if irritation persists.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a Physician or Poison Control Center. Drink one or two glasses of water and induce vomiting by touching the back of the throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.
IF IN EYES: Flush eyes with plenty of water. Get medical attention.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
DIRECTIONS: Wet your pet with warm water. Apply the shampoo along the back of your pet and work the shampoo well into the coat. Do not get lather into the eyes. If it accidentally gets in the eyes, quickly wash them out with clean water to prevent irritation. Allow lather to remain on the pet for 5 minutes to permit insecticide to take full effect. Rinse thoroughly.

STORAGE AND DISPOSAL DIRECTIONS

STORAGE: Store at room temperature; avoid freezing.
DISPOSAL: Do not reuse empty bottle. Wrap bottle and put in trash.
