

T & C Pruning Paint is a fast, easy effective coating designed to aid healing of pruning cuts, grafts and wounds or gashes on woody plants and trees. It provides protective coating against the entry of moisture and wood rotting diseases, prevents excessive sap flow and is an aid as a barrier to wood boring insects. It is useful to waterproof planting pots, wooden tubs, etc.

DIRECTIONS:

TO OPERATE - Shake well. Remove cap, hold can in upright position with nozzle pointed toward and 8-10 inches away from area to be sprayed. Push button to spray.

ROSES AND ORNAMENTALS - Treat all pruning cuts over 1/2" in diameter.

FRUIT AND SHADE TREES - Treat all pruning cuts over one inch in diameter. Cut decayed or dead limbs to sound wood and treat.

WOUNDS AND ABRASIONS - Trim as required and treat.

WATERPROOFING PLANTING TUBS - To seal small cracks and holes, make two applications allowing first application to set overnight.
