

# MECO MICROBIOCID 74

ACTIVE INGREDIENTS .....	15.0%
2-(Thiocyanomethylthio) benzothiazole .....	8.0%
2-Hydroxypropyl methanethiolsulfonate .....	7.0%
INERT INGREDIENTS .....	85.0%
Weight per gallon .....	7.68 lb.
Weight of active ingredient per gallon .....	1.15lb.
Net weight per 5 gallon can .....	40 lb.
Net weight per 55 gallon drum .....	440 lb.
EPA REG. NO. 8249-7	
EPA Establishment Registration Number 8249-TX-1	

## APPLICATION

MECO MICROBIOCID 74 is used to inhibit the growth of algae in recirculating commercial and industrial cooling water systems. Before treatment with MECO MICROBIOCID 74 systems must be cleaned to remove algae growth and other deposits. Then the system should be treated with an initial slug addition of 5.3 to 8.0 fluid ounces of MECO MICROBIOCID 74 per 1,000 gallons of water in the system. Repeat the initial dosage until control is evident. Subsequent slug additions of 4.0 to 8.0 fluid ounces of MECO MICROBIOCID 74 per 1,000 gallons of water should be made every 1 to 5 days or as needed. The required frequency of treatment depends on the relative amount of bleedoff and the severity of the microbiological problem. Slug additions of MECO MICROBIOCID 74 should be made to the sump of water cooling towers.

## WARNING

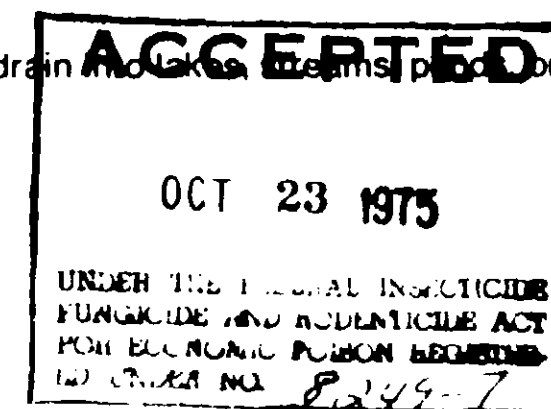

### KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. If swallowed, call a physician immediately. Give patient doses of powdered charcoal immediately or all he can swallow of raw egg whites, milk, gruel, or flour and water. Then induce vomiting with salt, soap, or mustard in warm water. May be harmful if absorbed through the skin. Workmen handling the product should wear rubber gloves and goggles and should avoid contact of the product with clothing or skin. After any exposure, wash promptly and thoroughly with an abrasive soap and cool water and finally with glycerin. In case of persistent irritation of the skin, obtain medical attention. If the product gets into the eyes, it causes eye damage; therefore, flood eyes immediately and thoroughly with cool water for 15 to 30 minutes. See a physician if any irritation persists.

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public water. Do not contaminate water by cleaning of equipment, or disposal of wastes.

Apply MECO MICROBIOCID 74 only as specified on this label.

Do not reuse container. Destroy when empty.
