 *USE ONLY IN CONFORMITY WITH THE
 FEDERAL MIGRATORY BIRD TREATY ACT
 REGULATIONS.

4-THE-BIRDS® is a transparent, sticky compound which, when applied to ledges and sills, will discourage birds from roosting or returning to these covered areas.

This product remains tacky at 15°F and will not run up to 200°F. Where infestation is severe, heavy bird traffic may flatten repellent. In these instances make a second application immediately. Repellent can be removed with napha or powder type cleaning agent available at drug stores.

DIRECTIONS: Surface must be clean and dry to assure adhesion of repellent. Clean by wiping or scraping all dust, dirt, loose paint, droppings, etc. On porous surfaces such as stone or unpainted wood, surface must be sealed by brushing on one coat of shellac or a 50% solution of white glue. After coating has dried, apply repellent with a caulking gun or putty

knife. Properly applied bead looks like this . Ledges or sills...apply about 1 inch in from edge in strips 1/2" in diameter. Press against sill to get good adhesion and leave occasional gaps for rain water to drain.

Roofs, peaks, cornices, etc...apply 1/2" diameter bead along highest point. Press against surface to insure good adhesion. Content: when applied in 1/2" x 1/2" bead will cover 10 linear feet or more.

LARGER DIAMETER BEADS OF REPELLENT

Gentlemen:

Subject: 1-the-Birds
EPA Registration No. 8254-1
Your letter of December 13, 1972

The amendment referred to above, submitted in connection with registration under FIFRA sec. 4(d)(7)(E), is acceptable, provided that you:

1. Submit and/or cite all data required for registration/re-registration of your product under FIFRA section 4(d)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling.
 - a. Your labeling must be in the correct format. See the enclosed label.
 - b. Add the sentence, "Do not apply to surfaces where small protected bird species may become entrapped by this tacky residue" before "Use only...regulations".
 - c. The Ingredient Statement must appear on the front panel and must be parallel to the other text on the panel.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 4(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

If questions arise, please contact us.

Sincerely yours,

William H. Miller
