

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, DC 20460

OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

October 3, 2018

Mr. Jesse Elkin, President
Maia Products Inc./AG Division
3835R E. Thousand Oaks Blvd. #290
Westlake Village, CA 91362

Subject: Notification per PRN 98-10 – Removal of Additional Uses
Product Name: Hormex Vitamin B1 & Hormone Concentrate
EPA Registration Number: 8281-9
Application Date: September 25, 2018
Decision Number: 544725

Dear Mr. Elkin:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10. The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Shaja Joyner at 703-308-3194 or via email at joyner.shaja@epa.gov.

EPA Reg. No. 8281-9

Optional marketing statements

- Over 50 years of proven plant science
- Accelerates plant growth
- Improves growing success
- Prevents transplant shock
- Faster & stronger roots for all plant varieties

NOTIFICATION

8281-9

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

10/03/2018

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin or inhaled. Wash thoroughly with soap and water after handling and before eating, drinking, smoking or using the toilet. Remove and wash contaminated clothing before reuse.

PERSONAL PROTECTIVE EQUIPMENT

All mixers, loaders, applicators, flaggers, and other handlers must wear: Long-sleeved shirt and long pants. Shoes plus socks, and chemical resistant gloves made of any waterproof material. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMENDATIONS

Users should wash hands before eating drinking, smoking, or using the restroom. Users should remove clothing/PPE immediately if product gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not apply when weather conditions favor drift from treated areas. Do not apply where runoff is likely to occur. Do not contaminate water when disposing of equipment washwater or rinsate.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Hormex Vitamin B-1 Hormone Concentrate is a root stimulant formulated to prevent and overcome transplant shock in plants. Hormex Vitamin B-1 Hormone Concentrate is not a fertilizer but is intended for use to aid in the success of transplanting and establishing plant material.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), notification to workers, and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 48 hours.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water, is: Coveralls • Waterproof gloves • Shoes plus Socks • Protective eyewear.

RESTRICTIONS:

Do not apply this product in a way that will contact any person, or pet, either directly or through drift. Keep people and pets out of the area during application. Only protected handlers may be in the area during application. For broadcast use, the maximum application rate is 0.11 pound active ingredient per acre of NAA equivalent for all uses. The maximum applications rate per year or crop cycle is not to exceed 0.33 pound active ingredient per acre of NAA equivalent. The minimum interval between applications is to be no less than 5 days. Hormex Vitamin B1 & Hormone Concentrate is not to be used for human consumption. Use on plant material only such as plant cuttings, potted plants, trees, shrubs, house plants or flowers.

DIRECTIONS:

~~Hydroponics & Aeroponics – 1 – 2 tsp. per gallon of water when changing or adding water.~~

~~Cuttings – Dip base of cuttings in full strength Hormex for 1 – 5 minutes before planting in soil or other growing medium.~~

~~Transplanting – Mix 1 tsp. of Hormex Vitamin B1 Hormone Concentrate in one gallon of water. Thoroughly saturate soil around the plant.~~

~~Bare Root Planting – Presoak plants for 15 minutes in solution of 2 tsp. per gallon of water. Then follow the “transplanting” directions.~~

~~Lawns and Groundcover – Use 1 oz. per 100sq. ft. applied though hose end sprayer.~~

~~Indoor Plants & Cut Flowers – Use 1 tsp. per gallon of water, every time you water or ½ tsp. for per quart vase.~~

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store product in its original container in a cool, dry, locked place out of reach of children.

PESTICIDE DISPOSAL: If empty: Do not reuse this container. Place in trash or offer for recycling if available.

If Partly Filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.

WARRANTY AND DISCLAIMER:

Seller makes no warranty or guarantee of any kind, express or implied, concerning effects of use of this product, other than those specified on this label. Buyer or user accepts all responsibility for results due to misuse or improper handling of this product.
