RE: Bissell Disinfectant Spray
EPA Reg. No. 8284-6

Dear Mr. Heyward:

As per our telephone conversation yesterday morning, we have enclosed the correct revised labels for the above mentioned product. These labels contain the corrected Bi-Lingual Language - "Desinfectante Spray" - on the front of the label and the claims stated in the next paragraph.

This submission is being made regarding the above registration. We are providing the enclosed notification to: 1. Add "Kills 99.9% Bacteria**" - underlined marketing claim to the front panel; 2. Add "**BACTERICIDAL ACTIVITY - When used as directed, this product exhibits effective disinfectant activity against the organisms: Staphylococcus aureus, Salmonella choleraesuis, and Pseudomonas aeruginosa. This product kills 99.9% of bacteria on hard, non-porous inanimate surfaces" - underlined marketing claim to the back of the label. This notification is being filed in accordance with PR-Notice 98-10. One (1) copy of the product labeling with the changes underscored is enclosed.

Should you have any questions or need additional information please do not hesitate to contact us.

Sincerely,
PENN CHAMP, INC.

Ron Passarelli,
Product Development Manager

WARNING: CONTENTS UNDER PRESSURE.
See back panel for safety and use instructions.

PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMANS AND DOMESTIC ANIMALS.
WARNING: Harmful if swallowed. Causes eye and skin irritation. Do not get in eyes. Avoid contact with skin and inhalation of spray mist. Avoid contamination of food and food utensils. In case of food contact, surfaces must be thoroughly scrubbed with detergent and rinsed with potable water prior to reuse.

FIRST AID STATEMENTS:
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **Have the product container or label with you when calling a poison control center or doctor, or going for treatment.**

PHYSICAL AND CHEMICAL HAZARDS:
Flammable! Contents under pressure. Do not use near fire, sparks or flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F, may cause bursting. Do not spray on polished wood, furniture, rayon fabrics, or acrylic plastics.

DISPOSAL: Discard container in trash. Do not incinerate or puncture.

(420 mL)

BISSELL® DISINFECTANT SPRAY
Effective when tested by the AOAC Germicidal Spray Method. This product may be used in Hospitals. Disinfects and deodorizes surfaces through effective bactericidal and fungicidal activity. Kills most Staphylococcus aureus and Streptococcus pyogenes organisms, Pseudomonas aeruginosa, Salmonella choleraesuis and Trichophyton mentagrophytes (athlete's foot fungi) on surfaces such as bathroom and shower room floors, bathtubs, bath mats or other surfaces commonly contacted by the bare feet. Controls odors.
FOR SURFACES: This product is for disinfection of previously cleaned, hard, non-porous surfaces which are thoroughly moistened by the spray and allowed to remain for a contact time of 10 minutes, after which, simply wipe with a moist rag or sponge.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Remove protective cap, hold can upright and spray from a distance of 6 to 8 inches until area for treatment is thoroughly moistened. Repeat application in 14 Days.
FOR CONTROL OF MOLD AND MILDEW ON HARD, NON-POROUS SURFACES: Clean surfaces prior to application, then spray surface until thoroughly moistened. Allow to dry. Repeat application in 14 Days.

FOR HOUSEHOLD USE: See use directions under "Surfaces." **Kitchens:** Sinks, drain board, cabinets, stove and refrigerator; empty garbage cans and under sinks. Controls household odors and retards their return. **Bathrooms:** Bathtub, wash basin, toilet seat, empty hampers, tiled walls. Controls bathroom odors. **General Use:** Telephone, pet animal areas, diaper pails, nursery room.

****BACTERICIDAL ACTIVITY:** When used as directed, this product exhibits effective disinfectant activity against the organisms: Staphylococcus aureus, Salmonella choleraesuis, and Pseudomonas aeruginosa. This product kills 99.9% of bacteria on hard, non-porous inanimate surfaces.
