CAUSTIC: May be fatal if swallowed. Produces chemical burns. Do not breathe vapor or fumes. Do not get in eyes, on skin, or on clothing.

Antidote:

Call physician immediately. Internal-Drink a teaspoonful or more of magnesia, chalk, or small pieces of soap softened with water, in milk or raw egg white. Eyes - Wash with water for 15 minutes. Get prompt medical attention. External - Wipe off the acid gently, and immediately flood with water, use soap freely, then cover with moist magnesia or baking soda.

DIRECTIONS

FOR TOILET AND URINAL

Remove water from bowl by forcing it over the trap with swab mop. Squeeze water from mop against bowl. Hold bottle over bowl and saturate swab with bowl CLEANER. Swab bowl thoroughly, taking care to clean water outlets under rim. Flush toilet rinsing swab.

FOR CLEANING THE INVISIBLE TRAP OR OUTLET IN URINAL:

Remove the drain plate. Place a bowl mop or brush into the drain, and pour a 1/2 pint of CLEANER onto the tool. Allow to remain for a few minutes until reaction is completed then work tool up and down until scale is removed. If the trap is badly incrustated repeat operation until thoroughly clean. To prevent further formation of deposits in trap pour 1/2 pint of CLEANER down the drain once each week.

REMOVES THE SOURCE OF MANY OFFENSIVE ODORS.
