CARPET BEETLES, MOSQUITOES,
BROWN DOG TICKS, FLIES & WASPS**

**CAUTION! KEEP OUT OF REACH OF CHILDREN
CONTENTS UNDER PRESSURE
SEE BACK PANEL FOR ADDITIONAL CAUTIONS**

is specially formulated from some of the newest, most highly effective chemicals for fast kill even if the roaches are resistant to the usual insecticides.

Hold container as upright as possible. Push button to spray from a distance of 8 to 12 inches. Spray infested area only until wet. Apply this product as spot treatments only in the home.

Apply to trails, runways and areas they visit; pay particular attention to the baseboards, door, windowpanes and sills where ants have been seen. Spray cracks and crevices opening to outside of house. Repeat these applications as required.

Spray directly on insects where possible. Spray under sinks, along baseboards, around plumbing openings, dark moist places behind shelving and cabinets, etc. For spiders — spray webs. For silverfish, also spray behind shelving, book cases and similar places.

Spray outside surfaces of screens, doors, window frames where these insects may enter. Also treat surfaces where these insects may alight or gather such as on porches, in garages, and around light fixtures. For outdoor use only as an aid in reducing the annoyance of these insects.

Thoroughly spray all infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets, and localized areas of floors and floor coverings. Applications should be repeated as infestations warrant and as re-infestations occur. Fresh bedding should be placed in animal's quarters following application. DO NOT treat animals with this formulation.

For localized in-

festations of these insects in outdoor areas where there is no vegetation, spray the infested area thoroughly. For ants, thoroughly wet hills and runways. Repeat treatments as necessary.

Make localized application to areas of floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, closets, and infested areas of shelving. Repeat these treatments as required.

CAUTION: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Avoid contact of spray with food, utensils, food preparation areas, people and pets. Avoid breathing spray mist. Avoid skin contact. In case of contact with skin, wash with soap and water. Do not smoke while spraying. Do not use as space spray.

ACTIVE INGREDIENTS:

Pyrethrins	00.050%
*Piperonal bis 2-(2-butoxyethoxy) ethyl acetal	00.225%
*Other related compounds	00.025%
**Chlordane, technical	01.500%
***Ronnel	01.000%
Petroleum distillate	93.708%
	96.508%

INERT INGREDIENTS 03.492%
100.000%

*TROPITAL®; SYNERGIST, U. S. Pat. No. 3,310,463; Can. Pat. No. 743,520; other patents applied for.
**Consists of 0.9% octachloro-4, 7-methano-tetrahydroindane and .6% related compounds.
***O, O-dimethyl O-(2, 4, 5-trichlorophenyl) phosphorothioate (from technical grade), U. S. Patent No. 2,599,516.

Net Weight: 14 oz. Avair.

USDA Reg. No. 8335-5

AEROSOL INTERNATIONAL, INC.
BALTIMORE, MARYLAND

WARNING! FLAMMABLE! Do not spray into or near open flame. Contents under pressure. Do not puncture or incinerate. Store below 120 F. Keep out of reach of children.
