DIRECTIONS FOR USE

This is concentrated insecticide. To mix, add contents of this can to one gallon of water. DO NOT use until you have thoroughly read instructions attached hereto.

Spray infested surfaces only until wet.

ROACHES, ANTS, WATERBUGS, SILVER FISH, SPIDERS: Spray heavily into all cracks around baseboards and other places where these insects hide. Also spray under carpet, surfaces behind and beneath cabinets, refrigerators, sinks, stoves, and other appliances. Spray other localized areas infested with these pests. Repeat treatment as required.

CARPET BEETLES: Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks, or closets and infested areas of shelving. Repeat as necessary.

BROWN DOG TICKS: Thoroughly spray infested area around baseboards, window and door frames, wall cracks, sleeping quarters of household pets and other areas of floors and floor coverings. Population should be kept as infestation warms and as reinfestation occurs. Fresh bedding should be placed in animal quarters to be in treatment. Do not treat animals with this solution.

FLIES, MOSQUITOES, OUTDOORS: For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects gather and breed. Repeat as necessary.

ANTS AND BROWN DOG TICKS OUTDOORS: For treatment of localized infestations of these insects in outdoor areas where there are weeds or brushy non-crop areas, spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant and as reinfestation occurs.

NOTE: Do not replace dishes and food until spray is dry. Do not eat any food that has been sprayed.

Do not reuse empty container. Destroy it by perforating or crushing. Bury or discard in a safe place away from water supplies.

Keep out of reach of children
