Subject: FS-101 Bactericide
EPA Registration No. 8405-1
Application Date: March 5, 2004
Receipt Date: March 10, 2004

Dear Mr. Ruggeri:

The following amendment for a revised label per PR Notice 2001-1, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the conditions listed below:

Conditions

- 1. Revise the Ingredient statement as follows:

Active Ingredient:
Sodium dichloro-s-triazinetrione dihydrate 40%
Other Ingredients 60%

- 2. Place the signal word "Danger" below the Keep Out Of Reach Of Children statement on the front panel of the label.

- 3. Revise the Hazards to Humans and Domestic Animals Statement as follows:

DANGER. Corrosive. Causes irreversible eye damage. May be fatal if Inhaled. Harmful is swallowed or absorbed through skin. Do not get in eyes, on skin or clothing. Do not breathe dust. Wear goggles or face shield and rubber gloves when handling this product. Wash hands thoroughly with soap and water after handling. Remove contaminated clothing and was clothing before reuse.

CONCURRENCES

SYMBOL	7510C							
SURNAME	Mitchell							
DATE	6-3-04							

4. *The terms "DANGER" and "Toxicity Category I" should be removed from the "First Aid" section of the label.*
5. *Webco Chemical Corp. is the primary registrant for the product reference above. The Agency holds the primary registrant accountable for the labeling attached to his/her registration. Therefore, Webco Chemical Corp. should be reflected on the label. The label should read as "Manufactured by Webco Chemical Corp."*

General Comments

A stamped copy of the labeling accepted with conditions is enclosed. Submit a copy of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact Wanda Mitchell at (703) 308-6345.

Sincerely,

*Emily H. Mitchell
Product Manager - Team 32
Regulatory Management Branch II
Antimicrobials Division (7510C)*

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

All surfaces should be thoroughly cleaned before sanitizing with FS-101 solution containing 100 ppm available chlorine. If possible, parts should be submerged for two minutes or more. DO NOT SOAK OVERNIGHT. See Proportions of Use.

**FOR INDUSTRIAL USE ONLY
PROPORTIONS OF USE**

To prepare a 100 ppm available chlorine solution use 1 level teaspoon per 2 gal. water or 1 oz. of FS-101 to 18 gal. water.

RECIRCULATION METHOD

Prepare 100 ppm available chlorine solution. Test to maintain a solution above 50 ppm available chlorine.

SPRAY METHOD

Spray all surfaces with 100 ppm available chlorine solution.

FOR BEST RESULTS

Sanitize equipment just before using. Follow the complete IBA Sanitation Program. Rinse empty container thoroughly with water and discard it.

LOCAL, STATE REGULATIONS

Where local or state regulations are in effect, consult rules or your local authorities.

ENVIRONMENTAL HAZARD

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer system without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food or feed by storage or disposal. Do not store on side. Avoid creasing or impacting of side walls.

DISPOSAL: FS-101 wastes are acutely hazardous. Improper disposal of excess FS-101 mixture or rinseate is a violation of Federal Law. If those wastes cannot be disposed of by use according to label instruction, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office.

Triple rinse (or equivalent), then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
