

## WARNING

IBA's FS-102 is a concentrated product.

### HARMFUL IF SWALLOWED AVOID CONTAMINATION OF FOODS

Do not get in eyes or on skin. In case of contact, flush skin or eyes with plenty of water; for eyes, get medical attention. May cause skin irritation or eye injury. Use in recommended dilutions.

### STORAGE AND DISPOSAL

**STORAGE:** Do not contaminate water, food or feed by storage or disposal. Do not store on side. Avoid creasing or impinging of side walls.

**DISPOSAL:** FS-102 wastes are acutely hazardous. Improper disposal of excess FS-102 mixture or rinse is a violation of Federal Law. If those wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office.

Do not reuse empty container. Wrap container and put in trash.

### WARRANTY

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchant ability or fitness for a particular purpose, express or implied, extends to the use of this product, contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use. Any damages arising from a breach of this warranty shall be limited to direct damages, and shall not include consequential commercial damages such as loss of profits or values, etc.

**NOTE:** This product is to be sold only in this original unbroken package.

ONE U.S. GALLON P.O. Box 340 1090  
Webster, Mass. 01570

### TABLE OF DILUTIONS

1 ounce IBA FS-102 to 2½ U.S. gallons of water  
¼ ounce IBA FS-102 to 2½ U.S. gallons of water

### DIRECTION:

1. For udder washing and sanitizing, prepare the solution (do not use tin or galvanized pails).
2. Use ½ oz. IBA FS102 to 2½ U.S. gallons water.
3. Just before application of the milking machine, wash udder with this solution, using a paper towel to dry udder.
4. After washing and massaging the udder, press and use the reverse side to dry the teats and udder.
5. Use a clean towel for each cow.
6. Check udder for abnormal milk before applying.
7. Sanitizing teat cups for a period of two minutes. Iodine can be of significance in your sanitation.
8. Discard udder washing solution when the color becomes visibly dirty. Make fresh solution each time used.

### FOR CLEANING UTENSILS /

1. Pre-rinse utensils and equipment whenever possible.
2. Wash milkhouse equipment using 1 oz. of IBA FS-102 to 110 to 115 ° F.
3. Rinse with clear water.
4. Sanitize using a solution of 1 oz. of IBA FS102 to 1 gallon of water. Utensils should remain immersed for at least 2 minutes or for 10 minutes for sanitary code.
5. Place all sanitized utensils on rack or drain board to dry.
6. Change washing and sanitizing solutions when they become visibly dirty. Make fresh solution each time used.
