U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Antimicrobials Division (7510C)
1200 Pennsylvania Avenue NW
Washington, D.C. 20460

EPA Reg. Number:

8405-24

Date of Issuance:

DEC 16 2011

Term of Issuance:

Unconditional

Name of Pesticide Product:

WEBCO ACID
SANITIZER 2-20

NOTICE OF PESTICIDE:

- Registration
- Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Webco Chemical Corporation
420 West Main Street
Dudley, MA 01571

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product (OPP Decision Number: D-451977) is unconditionally registered in accordance with FIFRA sec 3(c)(7)(a) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 8405-24".

Regulatory Management Branch II
Antimicrobials Division (7510P)

DEC 16 2011

- b. Identify the types of surfaces on which the product may be used (e.g., chrome, glass, stainless steel, vinyl).
- c. The "Precautionary Statements" like the "First Aid" Statements must be organized by the most severe routes of exposure. Therefore, revise this section to read:
 "... after handling and before eating, drinking, using tobacco, or using the toilet. Remove contaminated clothing...."
- d. Under the "Pesticide Storage" section you must add instructions that specify what to do if the product leaks or spills from the product container.
- e. Group B product chemistry data requirements under OPPTS 830.6320 (Corrosion Characteristics), must be submitted.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped label with comments is enclosed for your records. Submit one (1) copy of your final printed labeling prior to release of this product for shipment. Should you have any questions concerning this letter, please contact me by telephone at (703) 308-6416 during the hours of 8:00 am to 4:00 pm EST.

Sincerely,

Jacqueline Campbell-McFarlane,
 Product Manager 34
 Regulatory Management Branch II
 Antimicrobials Division (7510P)

WEBCO ACID SANITIZER 2.20

FOR INDUSTRY AND DAIRY FARM USE

ACCEPTED

DEC 16 2011

ACTIVE INGREDIENT
Phosphoric Acid..... 26.25%
INERT INGREDIENTS..... 73.75%
TOTAL 100.00%

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, this pesticide is registered under EPA Reg. No. 8405-24

KEEP OUT OF REACH OF CHILDREN

Precautionary Statements Hazards to Humans and Domestic Animals

DANGER

Corrosive. Causes irreversible eye damage or skin burns. Harmful if swallowed or absorbed through skin or inhaled. Do not get in eyes, on skin or clothing. Avoid breathing spray mist. Wear goggles or face shield. Wear protective clothing and rubber gloves, wash thoroughly with soap and water after handling and before eating, drinking, using tobacco, or using the toilet. Remove contaminated clothing and wash before reuse.

ACIDIC PRODUCT - Do not mix with other cleansers or chemicals as hazardous gasses or heat may be generated. Dilute only with water.

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. In case of spills or leak use absorbent material and dispose of in accordance with local and state regulations.

PESTICIDE STORAGE

Store in original container in area inaccessible to children. Do not reuse empty container.

PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticides, spray mixture, or residue is a violation of Federal Law. If it is not possible to dispose of by local authority, contact your State Pesticide or Environmental Control Agency, or the nearest Regional Office for guidance.

CONTAINER DISPOSAL

Plastic containers: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke. (1 Gallon or less) wrap and discard in trash.

DIRECTIONS FOR USE:

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

SANITIZER FOR DAIRY FARM TANKS AND MILKING MACHINE PARTS.

- A. Clean milking machine parts.
1. For use on stainless steel, PVC, glass, rubber and silicone.
 2. Immediately after use, remove gross food particles and soil by a pre-rinse, or pre-scrape and when necessary, pre-soak treatment.
 3. Thoroughly wash the surface or objects with a good detergent or compatible cleaner followed by a potable water rinse prior to application of the sanitizing solution.
- B. Sanitize with 1 oz. Webco Acid Sanitizer 2-20 per 6 gal. water. This will provide 342 ppm of phosphoric acid.
1. Thoroughly wet surface or immerse for a period of at least one minute for sanitization.
 2. Adequately drain surface or equipment and let air dry before reuse.
 3. Mechanical operations, the prepared use solution may not be reused for sanitization but may be reused for other purposes such as cleaning.
 4. Manual operations, prepare fresh solution daily or more often if the solution becomes diluted or soiled.

CONTACT TIME: The laws of some states require that utensils and equipment remain in contact with sanitizing solution for 2 minutes. Check with your Health Department.

Phosphorous content as (P), 8.30%. Recommended use solution (1 fl. oz. / 6 gal. water) contains .53 grams of phosphorous (as P) per gallon.
