

S-5-KLOR is recommended for cleaning and sanitizing equipment and surfaces in Food Processing Plants, Institutions, Dairy Farms, and Dairy Plants.

For cleaning and disinfecting porous and non-porous surfaces, use solution of 2 oz. **S-5-KLOR** per 2 1/4 gallons of water (200 ppm available chlorine).

To clean and sanitize walls, floors, tables, refrigeration, stoves, sinks, bathroom fixtures, food utensils, cutting boards, garbage cans, etc., use solution of 1 oz. of **S-5-KLOR** per 2 1/4 gallons of water (100 ppm available chlorine).

Scrub or brush all surfaces thoroughly. Allow **S-5-KLOR** solution to remain on surfaces for at least two minutes. Follow with a potable water rinse.

DILUTION CHART:

For 200 ppm available chlorine—use 2 oz. **S-5-KLOR** per 2 1/4 gallons of water.

For 100 ppm available chlorine—use 1 oz. **S-5-KLOR** per 2 1/4 gallons of water.

KEEP OUT OF REACH OF CHILDREN

POISON

WARNING: CONTAINS DICHLORO-S-TRIAZINETRIONE

Do not take internally. Avoid contact with skin or clothing. Use gloves in handling. Protect the eyes. May cause burns or damage to the eyes. In case of skin contact, rinse with abundance of water. For eyes, flush freely with water for at least 15 minutes, obtain medical attention.

ANTIDOTE: Internally—Feed gruel or cooked cereal followed by olive oil or cooking oil.

AVOID CONTAMINATION OF FOOD.

Keep interior plastic bag closed tight at all times. Store in cool, dry place. Do not allow water to get into container.

Do not mix with other soaps or detergents.

Sweep up spillage and flush down sewer with large volume of water and provide adequate ventilation.

WARNING: Oxidizing material. Contact with organic matter may cause fire. Will burn with evolution of Chlorine or equally toxic gases.

USDA Reg. No. 8428-8
