

3429-I

CAIROX

ACCEPTED
 OCT 5 1985
 Under Federal Insecticide, Fungicide, and
 Rodenticide Act, as amended for the
 pesticide registered under 8429-8
 EPA Reg. No.

POTASSIUM PERMANGANATE

Technical Grade

CERTIFIED TO:
 ANSI/NSF 60

Ingredients (by weight)	
Potassium Permanganate	98%
Inert Ingredients	2%
Total	100%

DANGER

**Strong oxidizer! Do not use for fumigation.
 Do not mix CAIROX Potassium Permanganate
 with aqueous formaldehyde solution (Formalin).
 Risk of fire or explosion exists. Contact with
 acids, organic chemicals, or other combustible
 materials may cause fire or explosion.**

**FOR INDUSTRIAL USE ONLY
 MAXIMUM USE LEVEL FOR DRINKING WATER—50 mg/L
 KEEP OUT OF THE REACH OF CHILDREN**

12

Cairox
Potassium Permanganate Technical Grade
CAS Reg. No 7722-64-7
Meets AWWA Standard B 603

Storage and Disposal

Keep container closed, away from heat, organic materials, acids and other combustible materials.

Pesticide Disposal

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal

Triple rinse (or equivalent). Then offer for recycling or containers reconditioning, or puncture and dispose of in a sanitary landfill, (non-aerosol) or by other procedures approved by state and local authorities.

Environmental Hazards

This pesticide is toxic to birds and aquatic invertebrates. Do not use in facilities discharging directly or indirectly to estuarine or marine environments. Do not discharge into lakes, streams, ponds or public waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

Precautionary Statements
Hazard to Humans and Domestic Animals
Keep Out Of Reach of Children

DANGER

Corrosive. Causes eye and skin damage. Avoid contact with eyes, skin, mucus membranes. Harmful if swallowed. Prolonged inhalation of manganese compounds above the threshold limit value may cause lung irritation and central nervous system disorders. Use safety goggles, rubber gloves, and a respirator. Avoid breathing dust. Do not take internally. Remove contaminated clothing for washing.

Statement of Practical Treatment

Consult a doctor immediately after administering the following treatments:

If Swallowed: Never give anything by mouth to an unconscious or convulsing person. If conscious, give one or two glasses of water.

If In Eyes: Flood eyes with water for at least 15 minutes. In washing the eyes hold the lids open. Do not attempt to use chemical antidotes.

If On Skin: Wash thoroughly with soap and water.

If Inhaled: Remove to fresh air.

In Case of Fire or Spill

Fire: In case of fire, flood with water.

Spill: In case of spill, scoop into a clean drum. Spilled product must not be returned to original drum. Flush contaminated area with large quantities of water.

Directions For Use

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product is a manufacturing use product. For use by manufacturers in the formulation of drinking water treatment pesticide products. All manufacturers are responsible for registering their own formulations with the EPA.
